

MANY PROTESTS WERE FILED WITH THE EQUALIZING BOARD

Property Holders Assessed For Trentvale Improvement Are Up in Arms.

REFUSE TO PAY ANYTHING

Declare That They Have Been Unjustly Treated and Propose to Fight to the End

MANY ERRORS WERE FOUND

In the Work of the Board Making the Assessments—Petition With About 20 Signatures Submitted to the Board, Declaring War.

Troubles in great profusion were encountered last evening by the members of the Trentvale equalizing board, who met at the city engineer's office to hear grievances from property owners who have filed objections to their assessments.

Many of the parties who had "kicks" to register erroneously entertained the impression that the equalizing board had the power to cut down the assessments. This was what they insisted on, but, of course, their wishes could not be gratified.

It is a matter difficult of conjecture to determine how the assessments that have been made can be equalized. The board now at work is restrained from changing the assessments so as to affect the total amount of money represented. It is only empowered with authority to make the assessments conform with the benefits derived from the Trentvale street improvement and to take off of one levy, in case they consider that it has been unfair, and add to another which has been assessed in a sum less than the benefits amount to.

Regardless of the fact that the equalizing board has been endeavoring to act with all possible fairness, it has thus far been an impossibility to come to any satisfactory agreement with any of the property owners not directly benefited by the Trentvale improvement. Half of the dissatisfied property holders who met with the board last evening declared that they were not benefited a penny's worth and absolutely refused to pay anything.

Those living on Trentvale street beyond the point where the paving ends agreed to pay their assessment if the street was improved to the city limit, or out far enough to reach their property. They contended that they had been charged in excess of many of those who have the paving in front of their properties and were not backward in charging that they had been treated with the utmost unfairness.

Numerous errors have been found in the work of the assessing board. Peter Devine, living in an alley west of Trentvale street, is charged up with a frontage of 195 feet, when he only owns 90 feet. His assessment amounts to \$129, while others owning more than double the property he does in the same location, are charged less than half of his assessment.

Albert Geon, who owns about 50 lots on the hillside between Trentvale street and Calcutta road, is booked to pay the sum of \$255.60. There is not even a lane or alley leading from Trentvale street to his property, and for this reason he makes the claim that his benefits from the street improvement amount to nothing. He positively refuses to pay a cent and proposes to fight in the courts.

George Phillips was assessed \$20 for one lot, while another lot of equal size adjoining and receiving identically the same benefits, was only assessed \$7. He believes he has been unfairly treated.

Dozens of others presented similar grievances and declared they would not pay a cent until they were forced to do so by law. The members of the equalizing board soon found that they were "up against it" and advised their "tormentors" to present their woes to council.

A petition was filed by the board, signed by about 20 property holders, who refused to pay the money charged against them. A similar petition has also been filed with council.

The landslide that occurred yesterday on Trentvale street has been the cause of no little agitation among the residents of the section lying beyond the point where the slip occurred. It

is claimed by them that other landslides are likely to follow at any time and nearly all had some fault to find with the manner in which the improvement was made.

SOLDIERING NO SNAP

H. S. RIGBY WRITES OF LIFE IN THE PHILIPPINES.

Glad He Embraced the Opportunity to Take the Trip to the Islands.

H. S. Rigby, a member of Company H, Thirtieth U. S. volunteer infantry, now stationed at Nanjan, Mandoro Island, Philippine islands, has written his sister, Mrs. Sylvester Kinsey, in this city. Mr. Rigby was a former resident of East Liverpool and will be remembered by many of the citizens. After discussing matters of a private nature Mr. Rigby said:

"We are quite a long distance from Manila. Our company has been kept very busy ever since we reached the Philippines, and I have considerable time yet to serve. It would be hard to tell when I will get back to America. I have seen many grand sights both on land and sea, and I am glad I embraced the opportunity to take the trip. Soldier life is no snap, as both Will and Mr. Kinsey can tell you. They knew what it was to be hungry and so do I. Taking all things into consideration soldier life is not what a school boy thinks it is. I have waded in swamps waist deep, waded rivers and slept out all night in the rain. To top it out we put up with hard tack and bacon. It takes all these things to make a good soldier, and I have quit complaining long ago.

"The United States army is an excellent place to cure a man of grumbling. I think, though, that by the time my enlistment is out I will have had enough."

QUIETLY WEDDED

PROMINENT YOUNG COUPLE MADE HUSBAND AND WIFE.

Miss Lillian McBane, the Bride, and Mr. William Niblock Claimed Her at the Altar.

Without making known their intentions to anyone excepting a few intimate friends, Miss Lillian McBane and William Niblock, both well known and popular young people of this city, made their way last evening to the home of George Heiser, on Sixth street, where they were married by Rev. C. G. Jordan.

Miss Lena Coventry attended the bride and Charles Bence acted as best man. The bride was attired in light blue silk, while Miss Coventry wore a dress of tan silk. The gentlemen wore the conventional black.

Immediately after the ceremony the bride party started for the home of the groom's mother, on Minerva street. Mr. and Mrs. Niblock were met on the sidewalk by a number of post office employees, who showered them with rice. A number of small boys with tin horns and other implements of torture gave a serenade that was anything but pleasing. At Mr. Niblock's home a fine supper was served.

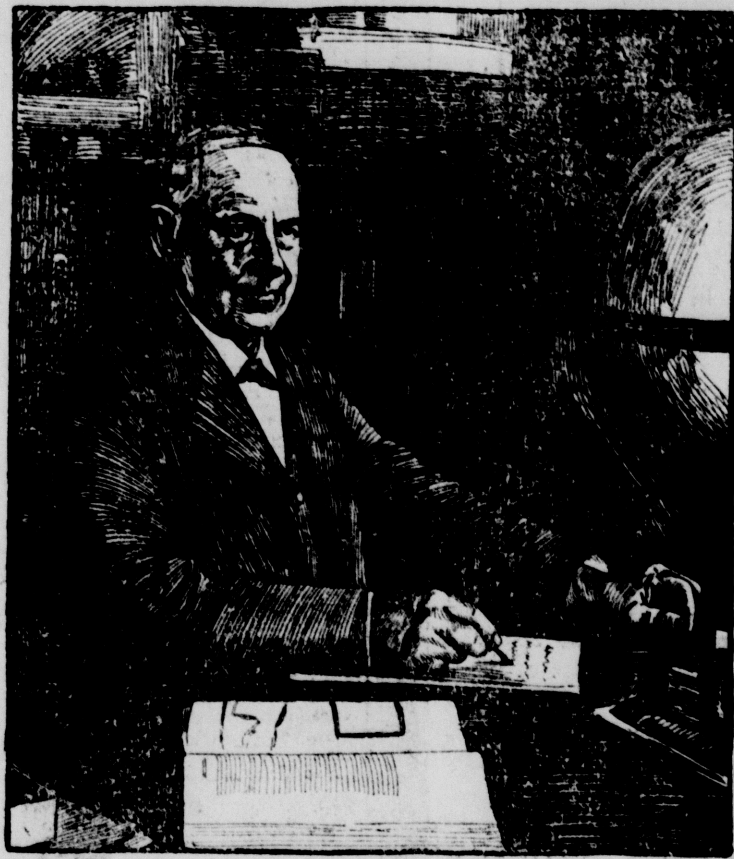

The bride is the daughter of Mr. and Mrs. Alex. McBane and has been employed as stamp clerk at the post office. She is a most estimable young lady. Her husband is prominent in social circles, and has many friends who extend congratulations.

NO IDLE FANCY

Is the Proposed Up-River Extension of the Wabash Railroad.

Abstractor Brophy, an engineer of Pittsburg, who has been working at the court house in Steubenville for several months past on the abstracts of title for the main line of the Wabash railroad in Jefferson county, has received orders to take up the work of abstracting the titles on the line to Toronto, and is expecting additional men in a few days to assist him in the work.

This begins to look like the Wabash extension to Toronto is to be at least more than a dim fancy.

LATEST PICTURE OF REV. DR. T. DE WITT TALMAGE.
Dr. Talmage, who has been very ill, is still a hard worker at the age of 70. His sermons, which are read by 30,000,000 people every week, are nearly all dictated to a stenographer.

APPOMATOX DAY DULY OBSERVED

G. A. R. and Auxiliaries Held a Grand Celebration Last Night.

FINE MUSIC AND SPEECHES

The Closing Event of the Great Civil War Called to Mind in a forcible Manner—An Excellent Program Presented.

Creditable and successful in every detail was the celebration last evening of Appomatox day by the General Lyon post, G. A. R., together with the Women's Relief Corps and Sons of Veterans, who lent the old soldiers valuable assistance.

The bean bake which occupied attention early in the evening was ahead of anything of the kind ever given by the Grand Army. The tables were loaded down with good things which, together with the beans, were entirely consumed before 8 o'clock.

It was about 8:30 when Commander Daniel McLane called the meeting to order. Bugler Ensign gave the assembly call, after which the commander made a somewhat lengthy, but most pleasing address, in which he told why Appomatox day was held in commemoration by the civil war veterans. He eulogized the members of the Relief Corps and also the Sons of Veterans and thanked them heartily for the assistance rendered the Grand Army post.

Following the address of Commander McLane the assembly joined in singing "Marching Through Georgia." Ralph March, an old soldier, made a decided hit with his hearers by singing "The Star Spangled Banner." He was loudly applauded.

A recitation by Miss Standish was next on the program. Miss Rheinberger then rendered a piano solo, after which Miss Grace Blair captivated the audience by rendering a recitation. She acquitted herself with great credit.

Next on the program was a piano solo by Miss Minta McLane, followed by a recitation by Miss Standish. Too much in praise of the recitations and music rendered by the young ladies could not be given, and the applause that greeted their efforts showed that their talent was well appreciated.

In addition to the formal program speeches were made, Justice J. N. Rose being among the speakers. It is needless to say that his remarks attracted the interest of his hearers. The "squire never makes a speech unless it is a good one.

A number of old songs were sung by the assembly, one of which was "Auld Lang Syne." The Sons of Veterans' drum corps rendered several selections, after which the exercises came to a close.

Valuable Horse Injured.

A valuable horse owned by T. B. Murphy, of Fifth street, was injured while passing along College street yesterday afternoon, and the cause as stated by Mr. Murphy was due to the negligence of the city. The recent rain and snow caused a portion of the street to settle and the driver of the horse not seeing it, allowed the horse to step into the hole, spraining one of its legs.

THE CITY IS SUED AND \$1,000 ASKED

Mrs. Nancy K. Bettridge Says She Fell Into a Hole and Was Badly Hurt.

NEGLIGENCE IS CHARGED

On the Part of East Liverpool Authorities—The Accident Occurred Jan. 20 on West Market Street—Woman Unable to Walk.

Lisbon, April 10. — (Special) — A damage suit for \$10,000 against the city of East Liverpool has been filed by Nancy K. Bettridge. She claims she has received injuries for which the city is liable. She states that on January 20 she tripped and fell into a hole about three feet deep on West Market street. This portion of the street had been torn up for some time and the city had not provided lights or barriers to keep a person from walking into the place.

Her knee and ankle were so badly injured that she is still confined to her room, in great pain and unable to walk without crutches.

She alleges the injuries will be permanent and that her nervous system was also impaired.

LEGISLATORS' WORK

Bill for the Relief of Treasurer Smith Passed—Archer Game Bill.

Columbus, April 10. — (Special) — The house held a session last night and passed two bills providing relief for Charles E. Smith, treasurer of Columbiana county, and George D. Flugan, of Lisbon, for funds they had in the First National bank, of Lisbon, when it failed.

Mr. Williams, of Mahoning, made a long and impassioned speech in favor of his fellow servant bill, as applied to railroads, in the house, but the measure went down to defeat.

A resolution will be introduced in the house to appropriate \$25,000 to be used in connection with the sum being raised by citizens for the erection of a McKinley memorial on the state house grounds.

The Archer game law bill came up as a special order in the house yesterday. There were, by actual count, 24 amendments offered to it, and it was ordered reprinted and made a special order on next Tuesday. The substitute Cain bill passed the house. It provides that the collection of the low tax in houses of questionable repute and speakeasies shall be done by the dairy and food commissioner. The informer is given a part of the penalty. Government license is made prima facie evidence of the sale of liquor, but bona fide drug stores are exempted.

INVESTIGATION IS ON

Journeymen Barbers Alleged to Be Receiving Benefits for Which They Don't Pay.

There are a number of barbers in the city who are enjoying the benefits of the journeymen's union without giving anything in return. The union at its last meeting took action which, if the proper authorities do their duty, will result in the matter being remedied.

According to the laws of the union

BARBARA BOLTON MUST GO BACK TO HER ENGLISH HOME

shop owners are not permitted to hold membership, and it is said this is being taken advantage of in a large number of cases. The decision has been arrived at that several men have become partners in the business in order to avoid supporting the union, and it has been determined to line these parties up.

A committee was appointed, whose duty it will be to visit all such men at once, and see that they come into the union. In case of refusal the union card will be taken from the shop.

HONEYMOON OVER

MARRIAGE OF A WALKER COUPLE AN UNHAPPY ONE.

The Wife, Who Is Blind, Tells a Sad Story to the 'Squire Who Wedded Her.

The marriage which was performed a few days ago by Justice McCarron by which Charles Lowthers escaped the penalty of a serious charge by taking unto himself a wife in the person of Miss Eva Reese, a blind girl residing at Walker, seems to be a truly unhappy one, the honeymoon already having come to an end.

The blind wife called on Justice McCarron yesterday afternoon and told a pitiful tale of trouble. She said that her husband had refused to live with her and that he was making his home with Mrs. Ida Ammon at Walker.

It was Mrs. Lowthers' desire to compel her husband to leave the domicile presided over by Mrs. Ammon, and she implored the 'squire to assist her in the accomplishment of what she desired to bring about.

Nothing could be done by the justice, who explained to the disappointed wife that there was no law to compel her husband to live with her if he did not wish to do so. Much depressed the woman left the court room declaring that she would take the law in her own hands.

A peculiar and somewhat deplorable aspect is presented in the case of Mrs. Lowthers. Being of a poor family and having no money with which to pay for the proper care she must need have in her coming sickness, it appears that her only recourse will be to apply for admission to the infirmary.

Strange as it may seem the fact that Lowthers is the lawful husband of the afflicted woman does not make him responsible for her care and support. When her child is born he can be made support it, but the mother must look out for herself.

It is not thought, however, that Mrs. Lowthers will go to the infirmary. It is more than likely that relatives and friends will care for her.

CYPSIES IN TOWN

A BIG BAND CAMPED LAST NIGHT IN THE WEST END.

Mayor Ordered Them to Move on And They Went to the East End Today.

A camp of genuine gypsies was established in the West End last night, the party coming from down the river. Such a crowd of these wanderers never before struck the city. But their stay in the West End was cut short, all because the mayor compelled them to vacate, and do it quickly. At 11 o'clock this morning the band passed up Fifth street, going to the East End, where they propose to camp as long as they are permitted on ground just east of the Smith-Phillips pottery.

There were 16 wagons in the camp, 42 persons and 32 head of horses and four dogs. There were also children, in fact numerous children, and of all ages. When the band arrived here last evening they occupied lots near the West End school house owned by John Aten and Harry Headley. Residents of that part of the city advised Mayor Davidson of their presence, and this morning he requested them to move, and they did.

HEAVY SAFE FELL

Causing Damage From Broken Pipes in A. S. Young's Store.

A heavy safe fell downstairs on the second floor of the Thompson building on Fifth street late this afternoon, badly damaging it, and wrecking the water pipes and causing damage by water in A. S. Young's store.

Fled to This City to Escape Her Husband's Cruel Treatment.

BY SPECIAL LEGISLATION

She Was Sent to the Massillon Hospital But Cannot Stay There.

LAWS OF THE UNITED STATES

Have Been Violated And the Steamship Company Which Brought Her Over Must Take Her Back Again. Her Case a Sad One.

Columbus, April 10. — (Special) — Barbara Bolton, the unfortunate woman who was transferred from the Columbiana county infirmary to the Massillon state hospital by a special resolution, introduced by Representative Crist, is to be returned to England, her native land. M. R. Smiley, United States immigration inspector at Columbus, says that as the woman is an alien she will have to go back to the country she came from.

Mrs. Bolton fled to this country from England a little over six months ago, to be free from the cruel treatment she received from her husband, and located in East Liverpool, where her brother resides. Six months after her arrival, as a result of the brutality of her husband, she became insane. She was taken to the infirmary, but in the absence of the proper facilities she could not be given proper treatment, so the legislature was petitioned to send her to the Massillon hospital.

Mr. Smiley has been in correspondence with the White Star line, which brought her to this country, and the officials have agreed to take her back, and suggested that she be brought to New York city on Wednesday for the first steamer. This could not be done, but she will be taken there by the inspector on Friday. Mrs. Bolton will return voluntarily, and is anxious to see her mother, but does not want to go where her husband is.

TWO TINY TRAVELERS

THE BOY BORE A SHIPPING TAG, GIVING DESTINATION.

Fatherless Little Ones Came Alone From Jamestown, N. Y., To This City.

Seated in a railway coach of the west bound C. & P. train last evening, in front of Mayor Davidson, who was returning from a visit to Beaver Falls, were two small children—a boy and a girl. A tag was tied around the neck of the boy. On it were the words: "Elmer and Hattie Bentley, children of Mrs. Mattie Bentley, of East Liverpool, O."

From the little girl, aged 5, the information was gleaned that she and her little brother were children of Arthur C. Bentley, who was burned to death last fall as the result of a gas explosion at the Crockery City ice plant. Soon after the death of their father they were sent to Jamestown, N. Y., where they have since been living with an aunt.

On leaving Jamestown the tag was placed on the boy so as to lessen the chances of the children becoming lost. Their mother met them at the depot and there was general rejoicing. At Youngstown the boy had a pocket-book in his hand containing \$1 and a sneak thief ran off with it.

The girl furnished amusement to the passengers by singing songs for which she received a handful of coins.

Bound Over to Court.

Lisbon, April 10. — (Special) — Herbert Melbourne, of Hanoverton, who was arrested on Sunday at his sister's funeral at Hanoverton, has been bound over to common pleas court on a charge of non-support of his children. The case was heard in 'Squire Dickinson's court yesterday.

Abused His Family.

Lisbon, April 10. — (Special) — Emil Ruffe, of this city, was fined \$3 and costs, a total of \$10.10, in the mayor's court yesterday. Ruffe had gone home drunk the night previous and abused his children, as well as his wife, who appeared against him at the trial.

MANY PROTESTS WERE FILED WITH THE EQUALIZING BOARD

Property Holders Assessed For Trentvale Improvement Are Up in Arms.

REFUSE TO PAY ANYTHING

Declare That They Have Been Unjustly Treated and Propose to Fight to the End

MANY ERRORS WERE FOUND

In the Work of the Board Making the Assessments—Petition With About 20 Signatures Submitted to the Board, Declaring War.

Troubles in great profusion were encountered last evening by the members of the Trentvale equalizing board, who met at the city engineer's office to hear grievances from property owners who have filed objections to their assessments.

Many of the parties who had "kicks" to register erroneously entertained the impression that the equalizing board had the power to cut down the assessments. This was what they insisted on, but, of course, their wishes could not be gratified.

It is a matter difficult of conjecture to determine how the assessments that have been made can be equalized. The board now at work is restrained from changing the assessments so as to affect the total amount of money represented. CYPSIES IN TOWN

A BIG BAND CAMPED LAST NIGHT IN THE WEST END.

Mayor Ordered Them to Move on And They Went to the East End Today.

A camp of genuine gypsies was established in the West End last night, the party coming from down the river. Such a crowd of these wanderers never before struck the city. But their stay in the West End was cut short, all because the mayor compelled them to vacate, and do it quickly. At 11 o'clock this morning the band passed up Fifth street, going to the East End, where they propose to camp as long as they are permitted on ground just east of the Smith-Phillips pottery.

There were 16 wagons in the camp, 42 persons and 32 head of horses and four dogs. There were also children, in fact numerous children, and of all ages. When the band arrived here last evening they occupied lots near the West End school house owned by John Aten and Harry Headley. Residents of that part of the city advised Mayor Davidson of their presence, and this morning he requested them to move, and they did.

HEAVY SAFE FELL

Causing Damage From Broken Pipes in A. S. Young's Store.

A heavy safe fell downstairs on the second floor of the Thompson building on Fifth street late this afternoon, badly damaging it, and wrecking the water pipes and causing damage by water in A. S. Young's store.

Fled to This City to Escape Her Husband's Cruel Treatment.

BY SPECIAL LEGISLATION

She Was Sent to the Massillon Hospital But Cannot Stay There.

LAWS OF THE UNITED STATES

Have Been Violated And the Steamship Company Which Brought Her Over Must Take Her Back Again. Her Case a Sad One.

Columbus, April 10. — (Special)—Barbara Bolton, the unfortunate woman who was transferred from the Columbiana county infirmary to the Massillon state hospital by a special resolution, introduced by Representative Crist, is to be returned to England, her native land. M. R. Smiley, United States immigration inspector at Columbus, says that as the woman is an alien she will have to go back to the country she came from.

Mrs. Bolton fled to this country from England a little over six months ago, to be free from the cruel treatment she received from her husband, and located in East Liverpool, where her brother resides. Six months after her arrival, as a result of the brutality of her husband, she became insane. She was taken to the infirmary, but in the absence of the proper facilities she could not be given proper treatment, so the legislature was petitioned to send her to the Massillon hospital.

Mr. Smiley has been in correspondence with the White Star line, which brought her to this country, and the officials have agreed to take her back, and suggested that she be brought to New York city on Wednesday for the first steamer. This could not be done, but she will be taken there by the inspector on Friday. Mrs. Bolton will return voluntarily, and is anxious to see her mother, but does not want to go where her husband is.

TWO TINY TRAVELERS

THE BOY BORE A SHIPPING TAG, GIVING DESTINATION.

Fatherless Little Ones Came Alone From Jamestown, N. Y., To This City.

Seated in a railway coach of the westbound C. & P. train last evening, in front of Mayor Davidson, who was returning from a visit to Beaver Falls, were two small children—a boy and a girl. A tag was tied around the neck of the boy. On it were the words: "Elmer and Hattie Bentley, children of Mrs. Mattie Bentley, of East Liverpool, O."

From the little girl, aged 5, the information was gleaned that she and her little brother were children of Arthur C. Bentley, who was burned to death last fall as the result of a gas explosion at the Crockery City ice plant. Soon after the death of their father they were sent to Jamestown, N. Y., where they have since been living with an aunt.

On leaving Jamestown the tag was placed on the boy so as to lessen the chances of the children becoming lost. Their mother met them at the depot and there was general rejoicing. At Youngstown the boy had a pocket-book in his hand containing \$1 and a sneak thief ran off with it.

The girl furnished amusement to the passengers by singing songs for which she received a handful of coins.

Bound Over to Court.

Lisbon, April 10. — (Special) — Herbert Melbourne, of Hanoverton, who was arrested on Sunday at his sister's funeral at Hanoverton, has been bound over to common pleas court on a charge of non-support of his children. The case was heard in 'Squire Dickinson's court yesterday.

Abused His Family.

Lisbon, April 10. — (Special) — Emil Ruffe, of this city, was fined \$3 and costs, a total of \$10.10, in the mayor's court yesterday. Ruffe had gone home drunk the night previous and abused his children, as well as his wife, who appeared against him at the trial.

EAST END

CHURCH IS PROSPEROUS

Gratifying Reports at the Second Presbyterian Meeting—New Officers Chosen.

The annual congregational meeting of the members of the Second Presbyterian church was held last evening in the church on Virginia avenue. The attendance was quite large and the reading of the reports of the officers of the church for the past year proved very interesting. The meeting was presided over by Rev. N. M. Crowe.

Officers for the new year were elected as follows: Trustees, Frank Allabaugh, Samuel R. Dixon, B. Martin; treasurer, T. W. McCain; financial secretary, Miss Alice Allabaugh; chorister, Mrs. Crowe.

The reports of the various officers showed the church to be entirely out of debt, all bills being paid and a balance in the treasury.

CARS TO SMITH'S FERRY

Will Soon Be in Operation—Track Already Laid to the State Line.

Manager Healy, of the street railway company, this morning said that with a few days of good weather sufficient work could be done on the extension of the line in the Klondike to enable the company to operate cars as far as the state line within two weeks and likely before the first of the month.

The track has been laid as far as the state line, and the trolley wire has also been strung that distance. Trolley poles are being trimmed at the power house and will be placed along the route of the extension from the state line to Smith's Ferry. It will not be long until through travel will be opened to Smith's Ferry proper.

PREACHED 49 YEARS

The Late Rev. James R. Stiffey, Well Known in the East End, Buried Today.

Rev. James R. Stiffey, whose death occurred at Beaver Tuesday, was well known in the East End, having preached on many different occasions in the Erie street M. E. church. He was born in Westmoreland county, Pa., October 6, 1830, and served 33 years in the active ministry, 11 in the supernumerary and five years in the superannuated relation.

For several years Rev. Mr. Stiffey preached at Smith's Ferry. The funeral was held from the residence at Beaver this afternoon.

Sold His House.

Walter Supplee has sold his residence on Ohio avenue to Mrs. Conover, of Trenton, who will remove to this city. Mrs. Conover is the daughter of Elijah Mountford, assistant manager of Laughlin No. 2, and only recently mourned the death of her husband, noted in this paper. Plans are now being prepared for the erection of a 10-room house for Mr. Supplee, to be built at the corner of Ohio and Needham avenues. Ground for this improvement will be broken in a few weeks.

Gas Will Be Used.

No more coal will be used under the boilers at the power house by the United Power company, but gas will be used instead. The company has a number of men now at work making connections with the gas mains at the power house, and also placing burners under the new boiler. It was announced this morning that the gas under the new boiler would be lighted within a few days.

Ladies' Social a Success.

The Ladies' Aid society of the Erie street M. E. church gave another supper and social at the Larkins & Ferguson hall last evening, and the attendance was three times as large as that of the preceding night. It is estimated that the society cleared in the neighborhood of \$75 as a result of their work, which will go toward purchasing a new carpet for the church.

EAST END AFFAIRS.

The Mechanics of the East End will hold their regular meeting this evening.

William Spence has taken charge of the line work of the East Liverpool Railway company, filling the vacancy

caused by the resignation of Mr. Midgough, who left last week for Birmingham, N. Y.

Postmaster Baird, of the East End, is ill at his home on Mulberry street, threatened with fever.

A meeting of the directors of the Federal Building & Loan association will be held in the office of the company this evening.

William Call, who has been very ill at his home in Calhoun's addition, suffering with pneumonia, is thought to be in a critical condition.

SIGNAL

Signal, April 10.—S. K. Bell is having a car load of walnut lumber inspected for shipment.

C. E. Tullis is suffering from pneumonia.

J. M. Levan is going into the cold storage business here next summer. He has purchased about 250 egg cases.

William McCarthy made a delivery of some fine trees here last week.

E. C. Davis is at Elwood City in the interest of a wholesale supply company of Columbus.

WEST POINT

West Point, April 10.—Will McLane is making some improvements on his place.

Lloyd Gilmore is home from Canfield normal school for a two weeks' vacation.

Miss Lu Martin was a Gavers visitor yesterday.

Mrs. Henry Lewis is among the indisposed this week.

A horse belonging to Will Eells, while tied to a post in front of the store here one day last week, became frightened and broke loose, running for almost a mile before it was captured, making nearly an entire wreck of the buggy, but fortunately escaping injury itself.

John Croft is ill this week.

Mrs. H. H. Davis is dangerously ill with heart trouble.

H. V. George visited relatives here over Sunday.

John McMillan wears a smile these days, having found a \$20 gold piece one day last week.

Miss Eliza Gilson is not improving as fast as her many friends would desire.

J. L. Moore and daughter Nellie attended the funeral of his mother, Mrs. John Moore, at East Liverpool Monday.

Mrs. Kerr, of Lisbon, has been called to the bedside of her sister, Mrs. Mary McCaskey, who is again very ill.

The following is the result of the election here: Justices of the peace, H. H. Martin, R. and W. D. Rayl; trustee, James McCormick, R.; clerk, Dan McBane, D.; assessor, Jesse McLaughlin, D.

East Palestine Man Called.

Rev. George S. Swezey, of East Palestine, has accepted a call to the Presbyterian church in Niles to succeed Rev. W. F. McKee, who will go to Turtle Creek.

A Heart Tonic.

When all other headache tonics fail to cure your headache try Clinic Headache Wafers, they never fail, never depress, are a true heart and nerve tonic and are guaranteed to cure. One trial will convince and you will then use no other. 10 cents at all druggists.

WOMAN KILLED HUSBAND.

Drove Nail Through Partition Into His Head.

Wellington, Kan., April 10.—In Grant county, Oklahoma, just across the line from here, Mrs. Peoples, a Bohemian, is reported to have killed her husband by driving a nail into his head. Peoples, a farmer, went home drunk, beat his wife, and after ordering her to get supper, went to sleep with his head leaning against a pine partition. When supper was ready the woman tried to waken him, but failed. Fearing that he would beat her again when he awoke for not calling him, she drove a nail through from the other side of the partition into the man's head, killing him. She made no attempt to escape.

Dr. Caldwell's Syrup Pepsin aids digestion. Sold by W. & W. Pharmacy.

Many are fond of Tapoca, but dislike the trouble of soaking it. Use Mrs. Austin's Quick Lunch Tapoca. No soaking.

Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Waterbrash, Growing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming Up of Food After Eating, Low Spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almanac.

WOMAN KILLED HUSBAND.

Drove Nail Through Partition Into His Head.

Wellington, Kan., April 10.—In Grant county, Oklahoma, just across the line from here, Mrs. Peoples, a Bohemian, is reported to have killed her husband by driving a nail into his head. Peoples, a farmer, went home drunk, beat his wife, and after ordering her to get supper, went to sleep with his head leaning against a pine partition. When supper was ready the woman tried to waken him, but failed. Fearing that he would beat her again when he awoke for not calling him, she drove a nail through from the other side of the partition into the man's head, killing him. She made no attempt to escape.

Dr. Caldwell's Syrup Pepsin aids digestion. Sold by W. & W. Pharmacy.

Many are fond of Tapoca, but dislike the trouble of soaking it. Use Mrs. Austin's Quick Lunch Tapoca. No soaking.

Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Waterbrash, Gnowing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming Up of Food After Eating, Low Spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almanac.

PRESIDENT, IN SPEECH

At Charleston Exposition, Emphasized Reunion of North and South.

NATION MUST CONTROL TRUSTS.

When They Become Great in Power.

Enforce Laws Alike for Rich and Poor—Presented Sword to Micah Jenkins.

Charleston, S. C., April 10.—The events of "President's Day" at the Exposition, yesterday, began with a grand procession through the principal streets of Charleston, and afterwards there were speeches in the Exposition auditorium, the representation of a sword to Major Micah Jenkins the President making the presentation speech, a luncheon at the Woman's building, and inspection of the grounds and buildings. The parade was the most important that Charleston has ever seen. Beside the President and distinguished visitors, United States artillerymen, U. S. Marines and jackets, there were soldiers from various States. President Roosevelt in his speech, said in part:

With delicate and thoughtful courtesy you originally asked me to come to this exposition on the birthday of Abraham Lincoln. The invitation not only showed a fine generosity and manliness in you, my hosts, but it also emphasized how completely we are now a united people.

In my regiment there were certainly as many men whose fathers had served in the southern, as there were men whose fathers had served in the northern army.

Ex-Confederate Rules Islands.

A few months ago, owing to the enforced absence of the governor of the Philippines, it became necessary to nominate a vice governor to take his place—one of the most important places in our government at this time. I nominated as vice governor an ex-confederate, Gen. Luke Wright, of Tennessee. It is therefore an ex-confederate who now stands as the exponent of this government and this people in that great group of islands in the eastern seas over which the American flag floats.

You have made a particular effort in your exhibition to get into touch with the West Indies. This is wise. The events of the last few years have shown us that the West Indies and the isthmus must in the future occupy a far larger place in our national policy than in the past. This is proved by the negotiation for the purchase of the Danish islands, the acquisition of Porto Rico, the preparation for building an isthmian canal, and, finally, by the changed relations which these years have produced between us and Cuba. As a nation we have an especial right to take honest pride in what we have done for Cuba. Our critics abroad and at home have insisted that we never intended to leave the island. But on the 20th of next month Cuba becomes a free republic, and we turn over to the islanders the control of their own government. It would be very difficult to find a parallel in the conduct of any other great state that has occupied such a position as ours. We have kept our word and done our duty, just as an honest individual in private life keeps his word and does his duty.

We have rightfully insisted upon Cuba adopting toward us an attitude differing politically from that she adopts toward any other power; and in return, as a matter of right, we must give to Cuba a different—that is, a better—position economically in her relations with us than we give to other powers. This is the course dictated by sound policy, by a wise and far-sighted view of our own interest, and by the position we have taken during the past four years. We are a wealthy and powerful country dealing with a much weaker one; and the contrast in wealth and strength makes it all the more our duty to deal with Cuba, as we have already

Headache

Sick, Nervous, Neuralgic.

Sold by all druggists. Price 25c.

"For nervous and sick headache we consider Dr. Miles' Pain Pills the best remedy that we have ever tried. Mrs. Harman has found the most severe attacks yield immediately to their curative influence." REV. T. H. HARMAN, Fennimore, Wis.
Dr. Miles Medical Co., Elkhart, Ind.

dealt with her in a spirit of large generosity.

Nation Must Control Trusts

This is an era of great combinations, both of labor and of capital. In many ways these combinations have worked for good; but they must work under the law, and the laws concerning them must be just and wise, or they will inevitably do evil; and this applies as much to the richest corporation as to the most powerful labor union. Our laws must be wise, sane, healthy, conceived in the spirit of those who scorn the mere agitator, the mere inciter of class or sectional hatred; who wish justice for all men; who recognize the need of adhering so far as possible to the old American doctrine of giving the widest possible scope for the free exercise of individual initiative, and yet who recognize also that after combinations have reached a certain stage it is indispensable to the general welfare that the nation should exercise over them, cautiously and with self-restraint, but firmly, the power of supervision and regulation.

Above all, the administration of the government, the enforcement of the laws must be fair and honest. The laws are not to be administered either in the interest of the poor man or the interest of the rich man. They are simply to be administered justly.

SERVICES FOR RHODES.

Conducted by a Bishop at Bulawayo. Body Taken to Matappo Hills.

Bulawayo, Matabeleland, April 10.—After an impressive service held at the Drill hall yesterday by the bishop of Mashonaland, the coffin containing the remains of Cecil Rhodes started on the last stage of its journey to the Matappo hills.

At yesterday's service there occurred a demonstration of sorrow, in which the whole surrounding country participated. Hundreds of persons were turned away from the drill hall, which was crowded to its utmost capacity, and thousands of voices, in and around the building, took up the funeral anthem.

The streets through which the funeral procession passed were lined with troops, and everybody fell in behind the coffin as soon as the cortege had left the town limits. The entire population of Bulawayo took part in the procession, leaving the town deserted.

The body was to pass last night in a hut on the summit of the Matappo hills in which Cecil Rhodes once lived.

WEATHER FORECAST.

For Ohio—Cloudy today, with warmer in north and central portions, clearing along the northeast lake shore, tomorrow, probably fair; light to fresh north winds.

For Western Pennsylvania—Fair and warmer today; tomorrow, fair; variable winds.

For West Virginia—Cloudy today, with rain in east portion, warmer; tomorrow, fair; northwest winds.

It will do you more good to acknowledge your faults than it will do your enemies.—Aitchison Globe.

Catarrah Cannot be Cured with LOCAL APPLICATION as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials free.

Hall's Family Pills are the best.

Ladies who take pride in having clear white clothes should use Red Cross Ball Blue. Large package 5c, at grocers.

COUNTY AND NEIGHBORHOOD

Loudenville has a woman insurance agent.

Wellsburg again voted against liquor licenses.

Camden Moore, Alliance, hurt at New Castle, Pa., had a leg amputated.

Mrs. Adeline Stanley, a widow, dropped dead at her home north of Salem.

Only 32 women in Warren voted, most of them being members of the Political Equality club.

John Knock, a farmer, was found dead in a field near New Brighton. A paralytic stroke caused his death.

Much excitement has resulted at Beaver Falls by the finding of a strong gas vein near that city at a depth of 600 feet.

Forest Lewis, who has been in Cuba as a soldier for three years, has arrived at his home in East Palestine, having been discharged.

On the proposition to have or not to have saloons, the "wets" at Minerva at the recent election beat the "drys" by a large majority.

George Sebring, who is sojourning in Florida for the benefit of his health, shipped an eight-foot alligator to his home in Sebring, which is considered a great curiosity.

A special train will be run over the Panhandle branch on Sunday to Denison on account of the Knights of Columbus initiation. District Deputy P. A. Gavin, of Toronto, will officiate at the exercises.

TO SHUT OUT J. J. LENTZ.

One Argument of Change in One District—Ohio House Passed Bill.

Columbus, O., April 10.—The house passed the congressional redistricting bill yesterday, after amending it by taking Fairfield county, which has a normal Democratic plurality of about 1,500 from the Twelfth district, and adding it to the Eleventh. This leaves Franklin county, which is nominally Republican, by a small majority, to constitute the Twelfth district. One of the arguments used by Republicans in favor of the change was that it would prevent the return to congress of John J. Lentz, who was defeated for re-election by Emmett Tompkins two years ago by 13 votes. No other districts are changed.

Mutual Attraction.

Dorothy—What became of that bashful man and bashful girl you were telling me about?

David—Oh, I introduced them, and in three weeks they were engaged.—Detroit Free Press.

It is just as well to make the best of everything when you can't help it, but you can try to give a little assistance at first.

FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Alvin H. Bulger.

Red Cross Ball Blue has the largest sale of any blue in the world. Highest quality at a reasonable price the reason.

Are You Using Allen's Foot Ease?

Shake into your shoes Allen's Foot-Ease, a powder. It cures Corns, Bunions, Painful, Smarting, Hot, Swollen Feet. At all Druggists and Shoe Stores, 25c.

Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col.

BUY BEFORE THE PRICE GOES HIGHER!

Gas Apparatus Construction Company Stock is Advancing.

OF THE NUMEROUS speculative investments open to the public the new issue of stock by The Gas Apparatus Construction Company is one of the most promising, and applications for this stock have been so numerous that the value of the stock has increased rapidly, and only

15 Shares will be Sold at the Price of \$30 Each

after which the price will go higher and higher until the stocks bought today at this low figure may be worth at least \$1,000 each. The reason for this marvelous enhancement is simple enough. It doesn't require argument to prove the value of a process by which a good fuel gas can be manufactured for less than five cents per thousand cubic feet.

This is Not an Experiment, the Process Has Already Been Thoroughly Demonstrated.

The Company's plant at Chester is now ready for operation, and the material to be used in the manufacture of the Gas has been ordered and will be shipped immediately.

after which the price will go higher and higher until the stocks bought today at this low figure may be worth at least \$1,000 each. The reason for this marvelous enhancement is simple enough. It doesn't require argument to prove the value of a process by which a good fuel gas can be manufactured for less than five cents per thousand cubic feet.

This is Not an Experiment, the Process Has Already Been Thoroughly Demonstrated.

The Company's plant at Chester is now ready for operation, and the material to be used in the manufacture of the Gas has been ordered and will be shipped immediately.

DISTRICT TICKET.

For Congress—R. W. TAYLER.

COUNTY TICKET.

Probate Judge—J. A. MARTIN.
Clerk of Courts—J. N. HANLEY.
Recorder—CHARLES A. WHITE.
Commissioner—M. P. CARNES.
Surveyor—J. C. KELLY.
Coroner—J. L. STRAUGHN.

Fred W. Atkinson, the superintendent of public instruction in the Philippines, does not exaggerate the importance of his mission when he says in the Outlook that the education of the islanders is the one agency to prepare them for self-government. Taking education in the broadest sense that is unquestionably true, and public schools are a necessary part of the agency where a whole people are to be affected. They are now established, it appears, under a pretty widely extended system among the Filipinos, and Mr. Atkinson's article shows that the system is the American system over again.

In a masterful manner in his Charleston speech President Roosevelt touched upon the loyalty of the south in the Spanish-American war, the recognition of the services of ex-Confederates, the enlarged duties of the United States on account of the new possessions and the grave responsibilities of the government in connection therewith. It is an eloquent and patriotic address, such as no American can read without feeling new pride for his country.

From every part of the country come reports of an almost unprecedented demand for real estate in small holdings. This tendency is especially marked in East Liverpool at present. It shows that the workmen are not only making money, but saving it wisely and providing themselves with homes. When prudence and prosperity go together, happy results are sure to follow. Only the reckless man has need to worry about the future.

A Michigan man is suing the secret society of which he is a member for \$50,000 damages for injuries alleged to have been received while he was being initiated. He is in a hospital, has lost a leg and is likely to die, in which event his heirs will take up and prosecute the suit. Those Michiganders must have strange ideas of fun or else their goat must be of a particularly strenuous sort.

East Liverpool, whose citizens have a warm spot in their hearts for the mother country, and which perhaps has more persons of English birth in proportion to its population than any other city in Ohio, ought to be able to furnish one of the two Oxford university students to which Ohio is entitled under Cecil Rhodes' will. The opportunity is open to all, and the prize certainly worth striving for.

"Anyway," says the Leader, of that city, "Cleveland is only a small corner of Ohio, and a much smaller part of the United States." That is post-election talk. The rest of the year Cleveland will be endeavoring to prove that it is the whole thing.

The civil war is only a memory to a large part of the present population of the country. But it is a most vivid memory to those who celebrate the anniversary of Lee's surrender each recurring 9th of April. The nation was born again on that date 37 years ago.

It is vastly more easy to win a bad reputation than a good one. South Carolina, for instance, is called Tillman's state, simply because in a mo-

ment of folly it elevated that crank to a position of prominence.

The senate should promptly pass the Chinese exclusion bill. American workmen don't fancy competition with the almond-eyed celestial or endorse any attempt to drag them down to his level.

President Roosevelt seems popular with all the south save the Tillmans. If he stood well with them, it would indeed be suspicious.

No, it is not true that Cleveland purposes to change its name to Johnsonville. It will come to its senses in time.

Belgium's king is finding it difficult to keep his crown on.

OBITUARY

Walter O. Adams.

Walter O., the 20-months-old son of Mr. and Mrs. Oliver Adams, of Seventh street, died yesterday afternoon, after an illness lasting almost five months. Death was the result of a complication of troubles. The funeral services will be held tomorrow evening, Rev. Dr. Clark Crawford officiating. The remains will be taken to Salineville Saturday morning for interment.

AT THE THEATER

The most artistic musical arrangement that has ever been perfected with a musical organization, will be found with the big Haverly's Mastodon Minstrels, at the Grand tonight. George Wilson, the one, the only, is the star of the company. The comedy part has not been overlooked either, as Johnnie Swor, the famous Young family, Eddie Mazier, and ten other bright comedians are with the company.

"Laugh and be merry," is an old English phrase that aptly expresses the condition of affairs during a performance of "The Telephone Girl," which comes to the Grand Saturday night. "The Telephone Girl" is a clean, laughable and attractive musical comedy by Hugh Morton and Gustave Kerker.

Do not miss seeing one of the greatest melodramas—one that takes possession of the spectator and moves him to tears and laughter with equal skill—we mean the powerful story of life in the hills, "Human Hearts." It comes to the Grand Friday night.

See our guaranteed patent leather shoe for men at \$4.00. New pair given if they break.

English Free School Rules, 1734.

Imprimis, What ever Boy comes to School past 7 o' the Clock In the Morning In Summer time and past 8 o' the clock In ye Winter time [without Shewing good reason] Shall receive 3 Lashes.

Item, Whosoever absents himself from School, Either by Truancy, by trying to stay at home, or otherwise; Shall incur his Master's highest displeasure. Suffer the hissing and Scoffing of ye whole School, Tarry behind the Rest one hour at Night for a week; and besides [as a suitable Reward for his—] shall suffer 12 Lashes.

Item, Whatsoever Boy shall at any time Curse, Swear, or take the Lord's Name in vain, Shall assuredly suffer for such offence, 15 Lashes.

Item, What Boy soever addicts himself to Obscene Talking or foolish Jest-ing, shall Suffer for each such transgression.

Item, What Boy soever absents himself from the Service of Almighty God on the Sabbath day, and spends that Day in a wicked man'er In playing & running about, Shall receive 20 Lashes.

Item, Whosoever steals from or defrauds his School-fellow of Ink, Pens, Paper, Quills, or any Other Thing Whatsoever, Shall certainly, when found out and detected, receive 9 Lashes.—Notes and Queries.

The Reporter's Revenge.

"Do you see that man?"
And I observed a rather lonesome person wandering aimlessly about the capitol. Regret was stamped upon his face, and his whole attitude was that of a man who had tried and failed and who had no intention of every trying again.

"Well, that is a former representative who called the correspondent of the leading paper in his district a liar. The correspondent did not pursue the ordinary method of retaliation by attacking him in his articles whenever opportunity offered. He simply refused for two years to mention his name in his correspondence. The people at home began to wonder what they sent a man to congress for anyway and finally came to the conclusion that a representative who could not get his name in the paper could not be of much account in Washington. It took 1,400 ballots to beat him when he came up for renomination, but they did it all right."—Washington Cor. New York Herald.

POTTERY NEWS

At a recent meeting of No. 12 the question of instituting a system of uniform working time was discussed at length, and since that time the members have been talking the matter over among themselves. In many of the shops it is averred that the jiggersmen work from eight to ten hours a day, and it is the opinion of those at the head of the movement that this should either be raised or lowered to nine hours. In so doing each jiggerman will be on an equality as far as hours are concerned. It can be seen that a jiggerman working ten hours a day can turn out more ware than one putting in less. In fact, the subject has progressed to a point where it is almost ready for a committee to take charge of. It will be the duty of this committee to investigate the number of hours now being worked in the various shops, and report back to the local.

Following in the wake of the uniform working hour, the jiggersmen are about to take up the light question. This is an important question, as some of the jiggersmen, it is claimed, are compelled to pay for light used while working after dark. Members of this local claim that in some shops where artificial light is used the firm furnishes the men with electric or gas light without cost, while in other establishments they are compelled to pay for it themselves. This is not to the liking of the men, and they will insist that all lights be paid for by the company. The matter was discussed at a recent meeting, and it is one of importance to many members of No. 12.

While nothing definite has been given to the public relative to the improvements that have been proposed for the East End pottery by the East Liverpool Potteries company, it has been announced that no less than three new kilns will be added to the plant during the spring and summer. When asked about the proposed alterations a member of the combination admitted that such changes had been in view, but when work would be commenced could not be learned. If the plans of the company are carried out the capacity of the plant will be increased 10 per cent. The pottery has been working quite steadily of late.

It has been officially announced that one of the candidates for the position of mayor two years hence will be Le Roy Orr, a member of local union No. 12. Mr. Orr is at present a national trustee of the Brotherhood, has been a delegate from his local to trades council for several years, and was at the last convention of the A. F. of L. He has been a Republican all his life.

John Reark is in no happy mood. He has to report at Lisbon tomorrow, and from there he goes to Salem to serve on a jury whose duty it will be to condemn a parcel of property there. It will require two days to make the trip, and John will be out two days' pay; so the trip is not a profitable one. The average pottery worker is averse to serving on a jury.

Kilnmen's local No. 9 will meet at Brotherhood hall tomorrow night at which time final arrangements will be made for attending divine services at the First M. P. church on Sunday morning. Members of the local will assemble at the hall at 10 o'clock, and proceed to the church in a body. A large representation is assured.

Harry Devon, who recently came to this city from England, was a member of the kilnmen's union at Tunstall, Eng. With pride he displayed the union button which he carried in his lapel to kilnmen of the city, and at an early date he will make application for admission to No. 9.

The biscuit kiln hands at Laughlin No. 2, who were off Monday and Tuesday on account of a shortage of ware, resumed work yesterday morning. It is not likely the ghost kilnmen will lose any time on account of the recent suspension of work in the clay department of this plant.

Aaron Coleman, for a long time a member of the biscuit crew at the Buckeye, has been promoted, and has taken charge of the biscuit crew at the new end. He will start at his new bench tomorrow. His successor at the Buckeye has not been announced.

Thomas Price, manager of the Chelsea, was in the city Tuesday on business. He spent most of his time at the office of the Union.

John and Martin Wolf, who have been employed at the Buckeye on the biscuit end, are working out their two

American Plan. European Plan.
Geo. H. Hopper, Mgr.

weeks' notice, and after the expiration of that time they will be employed at the Goodwin, where they formerly worked.

Laura Hannivan, forewoman of the lost warehouse department at Laughlin No. 2, left yesterday for Wheeling, where she will spend several days visiting friends.

The shipping book at the D. E. McNicol is crowded with ware at present, all being parts of orders ready for shipment. Business is brisk at this plant.

Colonel Watson, of the Knowles, who has been ill at his home for some time, is recovering, and is expected to be out shortly.

Miss Gertrude Springer, of St. George street, a stamper at Laughlin No. 2, is ill at her home threatened with fever.

Joseph Duke, who has been working at the Goodwin for some time, has gone to the new end. He is making cwers.

FRIENDS AND VISITORS

Lyman Rinehart, of Johnstown, is visiting relatives in the city.

W. L. Taylor, of Sixth street, was visiting in Steubenville last evening.

Miss Tillie Tonsil, of East Palestine, is visiting at the home of Miss Lillie Benty, of Walnut street.

E. S. Craig, of Massillon, returned home yesterday afternoon after visiting his brother, C. F. Craig, of this city.

Mrs. F. McIntosh, of Pennsylvania avenue, left yesterday afternoon for Cleveland, where she will visit for a week.

Mrs. S. J. Cripps, who has been at Palm Beach, Fla., for several weeks, is expected to return to the city this evening.

Miss Anna M. Huston, who has been visiting in the city for several days, returned to Grove City, Pa., yesterday afternoon.

The First False Hair.

In very early days, as now, the hair was sometimes thin, and it had to be eked out in various ways to make believe that nature had been spendthrift to all alike. About the first description extant of woman's hair speaks of plaited locks, known as "Gretchen braids" to us. To make these braids seem longer silk the color of the hair was braided in. Then they took to putting the braids in cases of silk, elongating them with all sorts of stuff till they looked like umbrellas in covers. The Chinese pigtail is a modification of this style.

The Value of the Ruby.

The ruby is valued highest when it contains the least azure. The largest ruby that history speaks of belonged to Elizabeth of Austria, the wife of Charles IX. It was almost as big as a hen's egg. The virtues attributed to rubies are to banish sadness, to repress luxury and to drive away annoying thoughts. At the same time it symbolizes cruelty, anger and carnage, as well as boldness and bravery. A change in its color announces a calamity, but when the trouble is over it regains its primitive luster.

POTTERY NEWS

At a recent meeting of No. 12 the question of instituting a system of uniform working time was discussed at length, and since that time the members have been talked the matter over among themselves. In many of the shops it is averred that the jiggersmen work from eight to ten hours a day, and it is the opinion of those at the head of the movement that this should either be raised or lowered to nine hours. In so doing each jiggerman will be on an equality as far as hours are concerned. It can be seen that a jiggerman working ten hours a day can turn out more ware than one putting in less. In fact, the subject has progressed to a point where it is almost ready for a committee to take charge of. It will be the duty of this committee to investigate the number of hours now being worked in the various shops, and report back to the local.

Following in the wake of the uniform working hour, the jiggersmen are about to take up the light question. This is an important question, as some of the jiggersmen, it is claimed, are compelled to pay for light used while working after dark. Members of this local claim that in some shops where artificial light is used the firm furnishes the men with electric or gas light without cost, while in other establishments they are compelled to pay for it themselves. This is not to the liking of the men, and they will insist that all lights be paid for by the company. The matter was discussed at a recent meeting, and it is one of importance to many members of No. 12.

While nothing definite has been given to the public relative to the improvements that have been proposed for the East End pottery by the East Liverpool Pottery company, it has been announced that no less than three new kilns will be added to the plant during the spring and summer. When asked about the proposed alterations a member of the combination admitted that such changes had been in view, but when work would be commenced could not be learned. If the plans of the company are carried out the capacity of the plant will be increased 10 per cent. The pottery has been working quite steadily of late.

It has been officially announced that one of the candidates for the position of mayor two years hence will be Le Roy Orr, a member of local union No. 12. Mr. Orr is at present a national trustee of the Brotherhood, has been a delegate from his local to trades council for several years, and was a the last convention of the A. F. of L. He has been a Republican all his life.

John Reark is in no happy mood. He has to report at Lisbon tomorrow, and from there he goes to Salem to serve on a jury whose duty it will be to condemn a parcel of property there. It will require two days to make the trip, and John will be out two days' pay; so the trip is not a profitable one. The average pottery worker is averse to serving on a jury.

Kilnmen's local No. 9 will meet at Brotherhood hall tomorrow night at which time final arrangements will be made for attending divine services at the First M. P. church on Sunday morning. Members of the local will assemble at the hall at 10 o'clock, and proceed to the church in a body. A large representation is assured.

Harry Devon, who recently came to this city from England, was a member of the kilnmen's union at Tunstall, Eng. With pride he displayed the union button which he carried in his lapel to kilnmen of the city, and at an early date he will make application for admission to No. 9.

The biscuit kiln hands at Laughlin No. 2, who were off Monday and Tuesday on account of a shortage of ware, resumed work yesterday morning. It is not likely the ghost kilnmen will lose any time on account of the recent suspension of work in the clay department of this plant.

Aaron Coleman, for a long time a member of the biscuit crew at the Buckeye, has been promoted, and has taken charge of the biscuit crew at the new end. He will start at his new bench tomorrow. His successor at the Buckeye has not been announced.

Thomas Price, manager of the Chelsea, was in the city Tuesday on business. He spent most of his time at the office of the Union.

John and Martin Wolf, who have been employed at the Buckeye on the biscuit end, are working out their two

weeks' notice, and after the expiration of that time they will be employed at the Goodwin, where they formerly worked.

Laura Hannivan, forewoman of the lost warehouse department at Laughlin No. 2, left yesterday for Wheeling, where she will spend several days visiting friends.

The shipping book at the D. E. McNicol is crowded with ware at present, all being parts of orders ready for shipment. Business is brisk at this plant.

Colonel Watson, of the Knowles, who has been ill at his home for some time, is recovering, and is expected to be out shortly.

Miss Gertrude Springer, of St. George street, a stamper at Laughlin No. 2, is ill at her home threatened with fever.

Joseph Duke, who has been working at the Goodwin for some time, has gone to the new end. He is making cwers.

FRIENDS AND VISITORS

Lyman Rinehart, of Johnstown, is visiting relatives in the city.

W. L. Taylor, of Sixth street, was visiting in Steubenville last evening.

Miss Tillie Tonsil, of East Palestine, is visiting at the home of Miss Lillie Benty, of Walnut street.

E. S. Craig, of Massillon, returned home yesterday afternoon after visiting his brother, C. F. Craig, of this city.

Mrs. F. McIntosh, of Pennsylvania avenue, left yesterday afternoon for Cleveland, where she will visit for a week.

Mrs. S. J. Cripps, who has been at Palm Beach, Fla., for several weeks, is expected to return to the city this evening.

Miss Anna M. Huston, who has been visiting in the city for several days, returned to Grove City, Pa., yesterday afternoon.

Careful Thorough Prescription Work

Sometimes you imagine that you have to wait a long time for the medicine, but if we gave it to you in less time, it would NOT be such good medicine. No matter how busy we are, every prescription is prepared carefully and thoroughly; no part of the work is slighted in any detail. It must be right before we let it go out of our hands. You may think at the time that we are being too particular—but that is due to your anxiety and impatience. In your calmer thought you will admit that we are right, and will thank us for preparing such RELIABLE medicine. Our methods have won the commendation of all local physicians who have had occasion to know about them.

THE POTTERS' NATIONAL BANK.

The First False Hair.
In very early days, as now, the hair was sometimes thin, and it had to be eked out in various ways to make believe that nature had been spendthrift to all alike. About the first description extant of woman's hair speaks of plaited locks, known as "Gretchen braids" to us. To make these braids seem longer silk the color of the hair was braided in. Then they took to putting the braids in cases of silk, elongating them with all sorts of stuff till they looked like umbrellas in covers. The Chinese pigtail is a modification of this style.

The Value of the Ruby.
The ruby is valued highest when it contains the least azure. The largest ruby that history speaks of belonged to Elizabeth of Austria, the wife of Charles IX. It was almost as big as a hen's egg. The virtues attributed to rubies are to banish sadness, to repress luxury and to drive away annoying thoughts. At the same time it symbolizes cruelty, anger and carnage, as well as boldness and bravery. A change in its color announces a calamity, but when the trouble is over it regains its primitive luster.

WELLSVILLE

NEW MAYOR SWORN IN

COUNCIL HAS A BUSY AND EXCITING SESSION.

Cunning for Gas Companies—New Street Improvements—Sprinkler And Sweeper Bought.

W. L. Fogo was sworn in as mayor last night and gave the required bond of \$1,000. Council instructed him to enforce the ordinance compelling the Ft. Pitt Gas company and others to obtain a written permit from the city before tearing up any of the city pavement. He was also instructed to fine all who have at any time violated this ordinance. Mr. Fogo took the chair this morning, A. P. Dennis resigning, having been in office for the past four years.

The most exciting meeting of council held for a long time was that of last evening.

An ordinance was passed calling for two regular meetings of council per month. The question of a street sprinkler came up. A Chicago company offered one of 450 gallons capacity for \$198. The same concern offered a sweeper for \$219.50.

The Congo ferry franchise, up before the Hancock county court today, was then considered. S. B. Goucher was granted permission to operate a steam ferry for five years and also a skiff ferry.

The proposition to settle with the Holliday heirs for \$292 for Third street damage was then up. Miss Furnace, one of the heirs, said the amount would not be enough, but proposed to use it toward putting the property in order and give the city credit. The proposition was accepted.

At this juncture Councilman Brennan made a motion that the Ft. Pitt Gas company and all other parties be enjoined from tearing up any of the city pavement at any time without a written permit from council. The motion was not put through, whereupon Brennan became excited and left, thinking to break up the meeting.

A motion was passed to adopt the name of Spring Hill avenue for the cemetery road. A resolution was also passed to pave and otherwise improve Water street from Third to Fourth streets. Another resolution was put through to pave Highland avenue from Liverpool street to Spring Garden street.

A proposition was read and accepted from the county to raise and do all necessary masonry to the county bridge over Little Yellow creek, providing the city do the necessary grading.

In conclusion the council accepted the street sprinkler and sweeper propositions.

TO SELL WATER PLANT

MATTER NOW UNDER DISCUSSION AT CITY HALL.

It Is Said the United Power Company Might Purchase And Improve It.

It has been rumored in and around city hall that a plan is now on foot to sell the present water plant of Wellsville to Manager Healy, of the United Power company.

It is stated that a few of the city councilmen have been approached by Mr. Healy on the matter, and it is also stated that he has a proposition to make to the city council regarding the matter. His plans are to buy the present plant and also the privilege of establishing a gravity system the same as was voted down at the recent election.

It was thought that the matter would be brought before the council last evening, but nothing was done.

TWO PAIRS OF STOCKINGS

In a Year One Ground of Mrs. Dennis' Complaint—Case Undecided.

Dennis non-support case was given a hearing Wednesday afternoon before Squire MacKenzie. Testimony was heard from several of the witnesses on both sides. Mrs. Dennis stated in giving her testimony that her husband has only furnished her with two pairs of stockings in the way of clothing ever since last Christmas.

Testimony was heard from one witness for the plaintiff, who stated that some time ago Mrs. Dennis and her two children had lived on bread and water for several weeks, while her husband was earning nearly \$1.50 per day.

Several important witnesses for both the plaintiff and the defendant could not be present at the hearing and the conclusion of the case was held over for a final hearing on Wednesday, April 16, at 2 p. m.

ANDERSON-SWEARINGEN

Well Known Young People of Wellsville Married Yesterday.

A very pretty, but quiet wedding was solemnized yesterday afternoon at the home of Edward Anderson on Commerce street. The contracting parties were Miss Margaret F. Anderson and Mr. Thomas Swearingen. Rev. C. E. Clark performed the ceremony, using the ring service.

Both the bride and groom are well known in Wellsville society. Mr. Swearingen recently resigned his position in E. E. Gamble's shop on Main street and will soon start to work in the West Virginia coal fields.

The happy couple departed on a wedding tour, going to Detroit by way of Cleveland. They will be away for about 10 days.

LOWLANDS FLOODED

Cellars Filled With Water And Many People Move to Move.

If a committee from the water works board were to notice Little Yellow creek today it would find enough water running down that little stream to supply water for four or five towns the size of Wellsville. Water in the Ohio river has backed up and flooded the entire flats under the street railway bridge near the creek.

Numerous cellars in houses along East Liverpool street, near the rolling mill, are filled with water, and if the Ohio rises a few feet higher, these people will be compelled to move into second stories. During the night the river came up several feet and is still rising.

A WEST END HOTEL

George Patterson Proposes to Build One at Twelfth And Main Streets.

People residing in the West End of the city are delighted over the proposed prospect of a new hotel, to be located in that part of town. George Patterson, of Center street, who recently bought the property at Twelfth and Main streets from E. H. Riggs, has stated that it is his intention at the present time to build a three-story building to be used as a hostelry, tearing down the old brick building which stands on the site.

The corner is well located, fronting on Main street, opposite the lower depot and near the street car line.

Funeral of an Infant.

The remains of the seven-months-old boy of Mr. and Mrs. Ben Shipley, of Cleveland, who died Tuesday, will be brought to Wellsville this evening to the residence of Thomas Gorsuch. Mrs. Shipley's father, on Second street. The funeral will be held at 2 o'clock Friday.

Columbian Club's Dance.

A delightful dance was given last evening in the city hall by the Columbian club. Nearly 30 couples were in attendance. Piano music was furnished for the occasion. The dances are now being held every week instead of every other week as heretofore.

MINOR NEWS OF WELLSVILLE.

Mrs. N. E. Sheckler is in a worse condition today.

Miss Laura Mannist went to Cleveland last evening.

Mrs. William Williams, of Center street, is on the sick list.

Miss Edna Duff, of the fair grounds, is very ill with pneumonia.

Miss Gertrude Russell, of Steubenville street, is on the sick list.

Mrs. Edward Michaels is very ill with an attack of gastric fever.

Bert Congrove returned last evening from a business trip to Ironton.

Rev. Charles Williamson, of this city, was licensed to preach the gos-

pel at the U. P. presbytery meeting recently held in Steubenville. He will continue his studies for one more year at the Allegheny seminary, after which he will prepare to accept a call.

Miss Clara Nelson entertained a number of friends last evening at her home.

Tax Collector P. P. Moore, of East Palestine, was in the city today on business.

Miss Laura Chapman, of Thirteenth and Short street, is very ill with catarrhal fever.

Mr. and Mrs. J. Burgener, of Tenth street, went to Pittsburgh last evening to visit friends.

Mrs. Samuel Culbertson, of Eighteenth street, is very ill with an attack of catarrhal fever.

George Kennedy, who has been night watchman at the U. S. pottery for some time, has resigned.

Squire J. W. Riley has returned from Pittsburgh, where he has been attending the funeral of Mrs. Morton Riley.

James Walter will open a new saloon on Third street Friday morning in the building owned by G. W. Meredith, of East Liverpool, which has been entirely remodeled.

See our ladies' new spring shoes at \$2.00, \$2.50 and \$3.00. The quality is excellent and fashions correct.

FOES OF THE CUBAN BILL.

Would Overrule Chair to Take Differential Off Refined Sugar.

Washington, April 10.—The feature of the second day's debate yesterday in the house on Cuban reciprocity bill was an impassioned speech in opposition to the measure by William A. Smith, a Michigan Republican. Senators Spooner and Quarles, of Wisconsin, and Dolliver, of Iowa, and a group of Michigan beet sugar manufacturers in the gallery, were in his audience, and he was liberally applauded by his Republican supporters as he assailed the Republican leaders who were advocating the bill, boldly charging them with being false to Republican doctrine of protection. He announced that he was willing to vote to overrule the chair in order to support an amendment to take the differential off refined sugar. Mr. Morris, of Minnesota, a Republican, who made a strong speech against the bill, also made a similar announcement.

The other speakers yesterday were Mr. Ball (Dem., Texas), and Mr. Sparkman (Dem., Fla.), both of whom opposed the bill, and Mr. Mondell (Wyo.), who advocated its passage. The Democratic and Republican opponents of the measure are trying to get together on the proposition to take the differential off refined sugar. The indications are that the debate will be protracted. The demand for time to speak is great, and there is now no expectation that general debate will be completed until next week.

CHINESE EXCLUSION BILL.

It Was Under Consideration in Senate Yesterday.

Washington, April 10.—Throughout yesterday's session of the senate the Chinese exclusion bill was under consideration. Mr. Gallinger, of New Hampshire, and Mr. Dillingham, of Vermont, opposed the bill, and Mr. Turner, of Washington, supported it. Mr. Gallinger urged that the pending bill was unnecessary, unjust and un-American, and was clearly in contravention of our treaty obligations with China.

In an extended address, Mr. Turner appealed to the senate to pass the proposed bill, not merely for the protection of the people of the Pacific states, but to prevent the entire body politic from being contaminated by the Chinese.

Mr. Dillingham advocated the re-enactment of the present Geary law. He declared that representatives of the Pacific states had expressed themselves as perfectly satisfied with the operation of existing laws, he said, and there was no proper reason for a change, particularly as the change would involve great trouble and expense.

HARD'S

SOUTH SIDE

BOOM IN BUILDING

TEN NEW HOUSES TO BE ERRECTED IN CHESTER.

John Shrader Will Build Them—Other Building Projects Numerous.

Another boom in Chester building circles is imminent. Mayor John Shrader this morning let a contract for the building of ten new houses, each to be four and five roomed, two story frame buildings. The site is located on Montana street, where Mr. Shrader owns considerable land.

Ground for the new buildings will be broken at once, and the laying of the foundations and construction of the buildings will be pushed rapidly as soon as the excavating work has been completed. It is said that Mr. Shrader will also let a similar contract near the same site in the near future. Other building projects are numerous.

The only reason for this boom in the building line is to supply the increasing demand for houses of the new mill employees who have recently come to Chester, and who wish to bring their families here.

Traffic Delayed an Hour.

One of the west bound East Liverpool and Rock Springs street cars jumped the track in front of Severs' butcher shop in Chester this morning at 10:30 o'clock. It is thought that the car, in rounding the curve, struck a stick or small stone, which derailed it. Traffic was delayed for about half an hour, the car finally being replaced on the track.

Council Meets Tonight.

Chester council will meet this evening in regular session in the city hall. The only matter of particular importance to come up is the question of street improvements, and, judging from the present condition of the streets, there will probably be "something doing."

Extending Gas Lines.

The Ohio Valley Gas Co. is preparing to extend its mains to Lawrenceville as soon as the weather permits. From thirty to forty new houses will be built in Lawrenceville the coming summer, and the gas lines will be extended for the purpose of supplying them with light and fuel.

CHESTER NOTES.

George Bailey is building a new residence in Lawrenceville.

Mrs. Bertha Fowler of Wellsville is visiting her sister, Mrs. Garret Mercer, today.

C. T. McCutcheon will go to Pittsburgh this evening to visit his brother, W. R. McCutcheon, who will graduate from the pharmacy department of the University of Pennsylvania.

We sell a gent's patent leather shoe and guarantee they won't break through; new pair given if they do; \$4 too.

His Scheme.

Friend—Why do you wear those fearfully old fashioned collars?
Winkers (a man of affairs)—Because when the washerwoman sends them to anybody else they send them back.

This shows one combination of the

DANNER Sectional Book Case.

It's only one of many combinations possible. This is one good feature of all Sectional Cases.

But the DANNER has a lot more good features not possessed by the others.

We wish right now to call your attention to one of them. Do you notice the leaf on which the books lie? This is the Consultation Leaf. It is found only on the Danner. When drawn out it is 35 inches long and 12 inches wide. When not in use it can be pushed back out of the way.

We'd like to show a number of other good features found only in the Danner if you will come in.

Furniture Department.

NOTABLE SPECULATIVE MOVE

In the Stock Market Wednesday, Attributed to Combination of Wealthy Westerners.

New York, April 10.—There was a notable speculative movement in the stock market yesterday which is universally attributed to the operations of an important combination of wealthy western men who were important factors in the constituent companies going to make up the United States Steel Corporation before it was organized. In the ordinary acceptance of the term there was no news to explain the movement of stocks or the enormous buying which caused it, but the fact was patent that the buyers were possessed of practically unlimited resources to transact business on such a scale, and also that the faith in them was strong that they were getting their money's worth. While there was no actual news accompanying the movement there was abundance of rumor, which centered mostly about Louisville & Nashville, which was again the leader of the market in point of activity and sustained strength.

Louisville itself, while occasionally reacting, forged up to the top level to 5 points over Tuesday night in the final dealings, and closed within a shade of that. The Southern railway stocks were also lifted forcibly to the top level at the last. The rest of the market showed the effect of realizing at the last, and some important stocks closed with net losses, notably New York Central, Manhattan, Chicago & Northwestern stocks, and Rock Island. Some of the minor railroad stocks which have recently advanced, were also sufferers. While a large number of important stocks were included in the advance the movement was by no means universal, and many prominent stocks were neglected and sluggish. United States Steel stocks still conspicuously so. There was also the usual assortment of violent movements in high-priced industrials which are closely held by concentrated interests.

The late flurry in the call money market was a reminder of the narrow resources of the present money market for supplying any extensive speculative movement, but it did not affect the determined buying of the Central element in the speculation. The easier tone of exchange was attributed to renewed borrowing from foreigners induced by the present profitable level of interest rates here. A show of strength in the grain market was equally without effect in discouraging the buying of stocks.

Some of the active speculative bonds were affected by realizing, and the market generally was irregular. Total sales, par value, \$5,535,000.

United States 5s advanced 1/2 and the 3s coupon declined 1/2 per cent on the last call.

Satisfaction Guaranteed.

ANDERSON-SWEARINGEN

Well Known Young People of Wellsville Married Yesterday.

A very pretty, but quiet wedding was solemnized yesterday afternoon at the home of Edward Anderson on Commerce street. The contracting parties were Miss Margaret E. Anderson and Mr. Thomas Swearingen. Rev. C. E. Clark performed the ceremony, using the ring service.

Both the bride and groom are well known in Wellsville society. Mr. Swearingen recently resigned his position in E. E. Gamble's shop on Main street and will soon start to work in the West Virginia coal fields.

The happy couple departed on a wedding tour, going to Detroit by way of Cleveland. They will be away for about 10 days.

LOWLANDS FLOODED

Cellars Filled With Water And Many People Move to Move.

If a committee from the water works board were to notice Little Yellow creek today it would find enough water running down that little stream to supply water for four or five towns the size of Wellsville. Water in the Ohio river has backed up and flooded the entire flats under the street railway bridge near the creek.

Numerous cellars in houses along East Liverpool street, near the rolling mill, are filled with water, and if the Ohio rises a few feet higher, these people will be compelled to move into second stories. During the night the river came up several feet and is still rising.

A WEST END HOTEL

George Patterson Proposes to Build One at Twelfth And Main Streets.

People residing in the West End of the city are delighted over the proposed prospect of a new hotel, to be located in that part of town. George Patterson, of Center street, who recently bought the property at Twelfth and Main streets from E. H. Riggs, has stated that it is his intention at the present time to build a three-story building to be used as a hotel, tearing down the old brick building which stands on the site.

The corner is well located, fronting on Main street, opposite the lower depot and near the street car line.

Funeral of an Infant.

The remains of the seven-months-old boy of Mr. and Mrs. Ben Shipley, of Cleveland, who died Tuesday, will be brought to Wellsville this evening to the residence of Thomas Gorsuch, Mrs. Shipley's father, on Second street. The funeral will be held at 2 o'clock Friday.

Columbian Club's Dance.

A delightful dance was given last evening in the city hall by the Columbian club. Nearly 30 couples were in attendance. Piano music was furnished for the occasion. The dances are now being held every week instead of every other week as heretofore.

MINOR NEWS OF WELLSVILLE.

Mrs. N. E. Sheekler is in a worse condition today.

Miss Laura Mannist went to Cleveland last evening.

Mrs. William Williams, of Center street, is on the sick list.

Miss Edna Duff, of the fair grounds, is very ill with pneumonia.

Miss Gertrude Russell, of Steubenville street, is on the sick list.

Mrs. Edward Michaels is very ill with an attack of gastric fever.

Bert Congrove returned last evening from a business trip to frondale.

Rev. Charles Williamson, of this city, was licensed to preach the gos-

pel at the U. P. presbytery meeting recently held in Steubenville. He will continue his studies for one more year at the Allegheny seminary, after which he will prepare to accept a call.

Miss Clara Nelson entertained a number of friends last evening at her home.

Tax Collector P. P. Moore, of East Palestine, was in the city today on business.

Miss Laura Chapman, of Thirteenth and Short street, is very low with catarrhal fever.

Mr. and Mrs. J. Burgener, of Tenth street, went to Pittsburgh last evening to visit friends.

Mrs. Samuel Culbertson, of Eighteenth street, is very ill with an attack of catarrhal fever.

George Kennedy, who has been night watchman at the U. S. pottery for some time, has resigned.

Squire J. W. Riley has returned from Pittsburgh, where he has been attending the funeral of Mrs. Morton Riley.

James Walter will open a new saloon on Third street Friday morning in the building owned by G. W. Meredith, of East Liverpool, which has been entirely remodeled.

See our ladies' new spring shoes at \$2.00, \$2.50 and \$3.00. The quality is excellent and fashions correct.

FOES OF THE CUBAN BILL.

Would Overrule Chair to Take Differential Off Refined Sugar.

Washington, April 10.—The feature of the second day's debate yesterday in the house on Cuban reciprocity bill was an impassioned speech in opposition to the measure by William A. Smith, a Michigan Republican. Senators Spooner and Quarles, of Wisconsin, and Deliver, of Iowa, and a group of Michigan beet sugar manufacturers in the gallery, were in his audience, and he was liberally applauded by his Republican supporters as he assailed the Republican leaders who were advocating the bill, boldly charging them with being false to Republican doctrine of protection. He announced that he was willing to vote to overrule the chair in order to support an amendment to take the differential off refined sugar. Mr. Morris, of Minnesota, a Republican, who made a strong speech against the bill, also made a similar announcement.

The other speakers yesterday were Mr. Ball (Dem., Texas), and Mr. Sparkman (Dem., Fla.), both of whom opposed the bill, and Mr. Mondell (Wyo.), who advocated its passage. The Democratic and Republican opponents of the measure are trying to get together on the proposition to take the differential off refined sugar. The indications are that the debate will be protracted. The demand for time to speak is great, and there is now no expectation that general debate will be completed until next week.

CHINESE EXCLUSION BILL.

It Was Under Consideration in Senate Yesterday.

Washington, April 10.—Throughout yesterday's session of the senate the Chinese exclusion bill was under consideration. Mr. Gallinger, of New Hampshire, and Mr. Dillingham, of Vermont, opposed the bill, and Mr. Turner, of Washington, supported it. Mr. Gallinger urged that the pending bill was unnecessary, unjust and un-American, and was clearly in contravention of our treaty obligations with China.

In an extended address, Mr. Turner appealed to the senate to pass the proposed bill, not merely for the protection of the people of the Pacific states, but to prevent the entire body politic from being contaminated by the Chinese.

Mr. Dillingham advocated the re-enactment of the present Geary law. He declared that representatives of the Pacific states had expressed themselves as perfectly satisfied with the operation of existing laws, he said, and there was no proper reason for a change, particularly as the change would involve great trouble and expense.

BOOM IN BUILDING

TEN NEW HOUSES TO BE ERECTED IN CHESTER.

John Shrader Will Build Them—Other Building Projects Numerous.

Another boom in Chester building circles is imminent. Mayor John Shrader this morning let a contract for the building of ten new houses, each to be four and five roomed, two story frame buildings. The site is located on Montana street, where Mr. Shrader owns considerable land.

Ground for the new buildings will be broken at once, and the laying of the foundations and construction of the buildings will be pushed rapidly as soon as the excavating work has been completed. It is said that Mr. Shrader will also let a similar contract near the same site in the near future. Other building projects are numerous.

The only reason for this boom in the building line is to supply the increasing demand for houses of the new mill employees who have recently come to Chester, and who wish to bring their families here.

Traffic Delayed an Hour.

One of the west bound East Liverpool and Rock Springs street cars jumped the track in front of Severs' butcher shop in Chester this morning at 10:30 o'clock. It is thought that the car, in rounding the curve, struck a stick or small stone, which derailed it. Traffic was delayed for about half an hour, the car finally being replaced on the track.

Council Meets Tonight.

Chester council will meet this evening in regular session in the city hall. The only matter of particular importance to come up is the question of street improvements, and, judging from the present condition of the streets, there will probably be "something doing."

Extending Gas Lines.

The Ohio Valley Gas Co. is preparing to extend its mains to Lawrenceville as soon as the weather permits. From thirty to forty new houses will be built in Lawrenceville the coming summer, and the gas lines will be extended for the purpose of supplying them with light and fuel.

CHESTER NOTES.

George Bailey is building a new residence in Lawrenceville.

Mrs. Bertha Fowler of Wellsville is visiting her sister, Mrs. Garret Mercer, today.

C. T. McCutcheon will go to Pittsburgh this evening to visit his brother, W. R. McCutcheon, who will graduate from the pharmacy department of the University of Pennsylvania.

We sell a gent's patent leather shoe and guarantee they won't break through; new pair given if they do; \$4 too.

No Women Admitted.

Maiwatchin, on the borders of Russia, is the only city in the world peopled by men only. The Chinese women are not only forbidden to live in this territory, but even to pass the great wall of Kalkan and enter into Mongolia. All the Chinese of this border city are exclusively traders.

Gloomy Even Then.

Hook—Bjones is the most melancholy fellow I know.

Nye—That's right. He proposed to a girl once by asking her how she would like to be his widow.—San Francisco Chronicle.

His Scheme.

Friend—Why do you wear those fearfully old fashioned collars?
Winkers (a man of affairs)—Because when the washerwoman sends them to anybody else they send them back.

This shows one combination of the

DANNER Sectional Book Case.

It's only one of many combinations possible. This is one good feature of all Sectional Cases.

But the DANNER has a lot more good features not possessed by the others.

We wish right now to call your attention to one of them. Do you notice the leaf on which the books lie? This is the Consultation Leaf. It is found only on the Danner. When drawn out it is 35 inches long and 12 inches wide. When not in use it can be pushed back out of the way.

We'd like to show a number of other good features found only in the Danner if you will come in.

Furniture Department.

NOTABLE SPECULATIVE MOVE

In the Stock Market Wednesday, Attributed to Combination of Wealthy Westerners.

New York, April 10.—There was a notable speculative movement in the stock market yesterday which is universally attributed to the operations of an important combination of wealthy western men who were important factors in the constituent companies going to make up the United States Steel Corporation before it was organized. In the ordinary acceptance of the term there was no news to explain the movement of stocks or the enormous buying which caused it, but the fact was patent that the buyers were possessed of practically unlimited resources to transact business on such a scale, and also that the faith in them was strong that they were getting their money's worth. While there was no actual news accompanying the movement there was abundance of rumor, which centered mostly about Louisville & Nashville, which was again the leader of the market in point of activity and sustained strength.

Louisville itself, while occasionally reacting, forged up to the top level to 5 points over Tuesday night in the final dealings, and closed within a shade of that. The Southern railway stocks were also lifted forcibly to the top level at the last. The rest of the market showed the effect of realizing at the last, and some important stocks closed with net losses, notably New York Central, Manhattan, Chicago & Northwestern stocks, and Rock Island. Some of the minor railroad stocks which have recently advanced, were also sufferers. While a large number of important stocks were included in the advance movement was by no means universal, and many prominent stocks were neglected and sluggish. United States Steel stocks still conspicuously so. There was also the usual assortment of violent movements in high-priced industrial which are closely held by concentrated interests.

The late flurry in the call money market was a reminder of the narrow resources of the present money market for supplying any extensive speculative movement, but it did not affect the determined buying of the Central element in the speculation. The easier tone of exchange was attributed to renewed borrowing from foreigners induced by the present profitable level of interest rates here. A show of strength in the grain market was equally without effect in discouraging the buying of stocks.

Some of the active speculative bonds were affected by realizing, and the market generally was irregular. Total sales, par value, \$5,535,000.

United States 5s advanced 1/2 and the 3s coupon declined 1/4 per cent on the last call.

Satisfaction Guaranteed.

The Boy—This isn't what she ordered.

The Grocer—I know it. Just tell her this is more expensive, but we'll let her have it for the same price.—Indianapolis News.

We sell a gent's patent leather shoe and guarantee they won't break through; new pair given if they do; \$4 too.

SHE WAS DYING!
Run Down and Overworked
—Cured With Blood Wine.
An Appeal to the Women of This City
Which Should Not Go Unheeded.

MRS. G. G. HILDRETH.

The following expression of gratitude ought to interest every person in this city, particularly the women. It is an open letter from Mrs. G. G. Hildreth of Worcester Mass:

"It gives me great pleasure to testify to the phenomenal success that I have had with Blood Wine. For some time I was all run down. Had a dragged out feeling. Couldn't sleep. Was losing flesh and my appetite. I felt overworked, yet didn't do hardly anything. My color was all gone, and my cheeks had a faded, sickly appearance, that made my friends all tell me I was going to die. Yes, I believe I really was in a decline, for I was a mere shadow, and the world seemed to hold no hope for me. I was sad, melancholy, and cried a great deal. I spent all the money I could on doctors, and got no relief. One day I went to the proprietors of 'Blood Wine' and told my story. I asked if they could help me, and they told me to call again in three days. This I did, and they encouraged me, and gave me two bottles of medicine, which I took and felt relief at once. I continued the treatment, and one by one the different symptoms disappeared. I have just reached the point where I feel entirely well, and will discontinue the medicine. I am now a stout, healthy woman (as my picture will indicate) and owe it all—my life—to 'Blood Wine.' It is the greatest thing I ever saw, and no woman (or man either) should be without it in the house. I will gladly substantiate this statement in a personal letter to any one interested."

Try "Blood Wine" today. "Blood Wine" contains no wine or opiates, — just powerful medicines, many of which are new to medical science. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Boed's and Hodson's drug-stores.

TAPE WORMS

"A tape worm eighteen feet long at least came on the scene after my taking two CASCARETS. This I am sure has caused my bad health for the past three years. I am still taking Cascarets, the only cathartic worthy of notice by sensible people."

CANDY CATHARTIC

SHE WAS DYING!

All Run Down and Overworked
—Cured With Blood Wine.

An Appeal to the Women of This City
Which Should Not Go Unheeded.

MRS. G. G. HILDRETH.

The following expression of gratitude ought to interest every person in this city, particularly the women. It is an open letter from Mrs. G. G. Hildreth of Worcester, Mass.

"It gives me great pleasure to testify to the phenomenal success that I have had with Blood Wine. For some time I was all run down. Had a dragged out feeling. Couldn't sleep. Was losing flesh and my appetite. I felt overworked, yet didn't do hardly anything. My color was all gone, and my cheeks had a faded, sickly appearance, that made my friends all tell me I was going to die. Yes, I believe I really was in a decline, for I was a mere shadow, and the world seemed to hold no hope for me. I was sad, melancholy, and cried a great deal. I spent all the money I could on doctors, and got no relief. One day I went to the proprietors of 'Blood Wine' and told my story. I asked if they could help me, and they told me to call again in three days. This I did, and they encouraged me, and gave me two bottles of medicine, which I took and felt relief at once. I continued the treatment, and one by one the different symptoms disappeared. I have just reached the point where I feel entirely well, and will discontinue the medicine. I am now a stout, healthy woman (as my picture will indicate) and owe it all—my life—to 'Blood Wine.' It is the greatest thing I ever saw, and no woman (or man either) should be without it in the house. I will gladly substantiate this statement in a personal letter to any one interested."

Try "Blood Wine" today. "Blood Wine" contains no wine or opiates, — just powerful medicines, many of which are new to medical science. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Wood's and Hodson's drug-stores.

TAPE WORMS

"A tape worm eighteen feet long at least came on the scene after my taking two CASCARETS. This I am sure has caused my bad health for the past three years. I am still taking Cascarets, the only cathartic worthy of notice by sensible people."

TALMAGE VERY ILL.

Physicians Found Distinguished
Minister Has Congestion
of the Brain.

CONDITION CRAVE LAST NIGHT.

He Was Unconscious Most of the Day
Yesterday—His Daughter, Maud
Married to F. C. Wyckoff—Rev. F.
Talmage Performed Ceremony.

Washington, April 10.—The prevailing symptoms in Rev. Dr. Talmage's case have been aggravated by congestion of the brain, which a consultation of physicians yesterday determined now exists. The patient had been most of yesterday unconscious and last night his condition was very grave.

Washington, April 10.—Miss Maud DeWitt Talmage, daughter of Rev. Dr. Talmage, and Clarence Frederick Wyckoff, of Ithaca, N. Y., were married yesterday at the residence of the bride's parents. Rev. Frank DeWitt Talmage, of Chicago, brother of the bride, officiated. Only the relatives of the contracting parties and a few personal friends of the bride witnessed the ceremony. Mr. Kenneth Chisholm, of New York, acted as best man, and Miss Hazel Talmage Smith, a niece of the bride, was bridesmaid.

The couple left for a wedding tour, the duration of which will depend upon the condition of the bride's father.

MAY NOT STRIKE SOON.

Such Talk as to West Virginia Miners' Situation.

Indianapolis, April 10.—The national executive board of the United Mine Workers, in session here, will attempt to effect a settlement in the black coal district of Indiana without a strike. The board has arrived at no decision regarding the situation in West Virginia, but some of the members talked in a tone indicating that a strike may not be declared for some time. The strike in Hopkins county, Ky., where nearly 3,000 men have been out for more than a year, is now being considered. The mine owners have refused to recognize the union, and the latter has succeeded at a cost of nearly \$100,000 in preventing the mine owners from operating their properties.

The members of the board believe the situation in the Clearfield (Pa.) district, where it is reported the Rochester and Pittsburgh Company intends to close down its mines in the hope of driving the organization out, is exaggerated.

POTOMAC WAS RISING.

Fears of a Bad Flood Owing to Volume of Snow.

Cumberland, Md., April 10.—The Potomac river was rising, although not rapidly, as the snow is melting slowly. The river was about 15 feet above low water mark last night. Such a volume of snow so late in the season has never before been known, and the worst is feared when it commences to go off with a rush. The Blackwater and Cheat rivers have overflowed the banks, inundating considerable farming land and destroying a large amount of property.

Snow has fallen at Fairfax, W. Va., to the depth of 32 inches.

A large landslide occurred on the West Virginia Central and Pittsburgh railroad at Copperas Rock yesterday.

REBELS WERE DEFEATED.

Wong Came to Rescue of Chinese Imperial Troops.

Hong Kong, April 10.—Advices received here from Liu Chow says that the Imperial General Ma and Marshal Su have defeated the Kuang-Si rebels in a sanguinary battle at Kong-Chuen. The Imperial army was first driven back, when Gen. Wong, with three quick-firing guns and two Maxims, arrived on the scene and turned the tide. The rebels retreated to the mountain strongholds, whence they have been making occasional sorties. Marshal Su is blocking the roads to the seaports, from which the rebels have been deriving their supplies. The rebellion inland is spreading.

Connellsville Boy Manager.

Princeton, N. J., April 10.—At a mass meeting of the three upper classes held yesterday afternoon, Robert W. Singer, 1903, Connellsville, Pa., was elected manager of the baseball team and Wilber F. Preston, 1904, of Brooklyn, N. Y., was elected assistant manager. Frank L. Wright, 1903, of Norristown, Pa., was elected manager of the track team and Edward M. Armstrong, 1904, Hagerstown, Md., was made assistant manager.

Big Purchase of Oil Lands.

Marietta, O., April 10.—The largest oil and gas land deal ever made in this city has just been consummated whereby the Ohio and California Refining Oil Company has acquired 50,000 acres of oil and gas land in Mason, Jackson, Putnam and Kanawha counties in West Virginia, lying below the Guffey and Gailey tract purchased last week by the Standard Oil Company. The price is not made known, but it is said to be very large.

In Buying a Monument
You want three things—The right Stone; skilled Workmanship; the right Price. We control much of the output of the best granite quarries in Vermont. Nothing but the very finest stone goes into any of our work. Our work is done with the most modern labor-saving machinery,—while most dealers work by hand. That's how it comes that we can offer you not only better workmanship and superior material, but very much **LOWER PRICES** than you would have to pay a small dealer. Best time in the year to buy is now, while we pay winter prices for labor. Our handsome booklet tells all about it. It is free if you mention this paper.

Pittsburg, Pa.

KING LEOPOLD MOBBED.

Socialists Shouted, "Long Live the Republic!" and "Long Live Universal Suffrage."

Brussels, April 10.—King Leopold was mobbed by Socialists yesterday afternoon on his arrival here from Biarritz. The meeting between the Socialists and the king was quite accidental, but it was none the less unpleasant for his majesty, whose automobile was surrounded by excited Socialists, who shouted "Long live the republic!" "Long live universal suffrage!" and waved red flags in the king's face.

The Socialists had collected at the railroad station to bid farewell to the members of a delegation of Spanish republican deputies, who had attended Socialist gathering here, and who had participated in Tuesday night's demonstration. The police informed the Spanish delegates that they must leave Brussels forthwith, and the delegation was escorted to the station by a large gathering of Socialists, bearing red flags.

The king happened to arrive at the same time, and had difficulty in getting his automobile out of the crowd, but he finally found an opening, and outdistanced his pursuers.

Liege, Belgium, April 10.—A procession of 1,500 persons met the delegation of Spanish republican deputies who were expelled from Brussels when they arrived at the railroad station here. The Spaniards were given a riotous welcome, but the gathering was dispersed by the police. Four persons were injured.

During an anti-Catholic riot at Ghent, several persons were injured and a number arrested. Troops were called out to quell the disturbances.

Brussels, April 10.—The anti-Catholic agitation culminated in a riot here last night.

A thousand Socialists attended a meeting at the Maison du Peuple and afterward marched to Sentin street, where they stoned the house of a Catholic deputy. The police charged the rioters with drawn swords. Several of the latter were severely injured and 20 were arrested.

Voted Down Democratic Proposal.

Washington, April 10.—By a strict party vote the insular committee of the house yesterday voted down a substitute proposed by the Democratic members "to establish a stable and autonomous government in the Philippines," and then by a like party vote ordered a favorable report on the measure prepared by the Republican members establishing a complete form of civil government for the islands.

Three Men Killed.

Grinnell, Ia., April 10.—Frank Meyers, Dudley Boyd and James Shaffer were instantly killed yesterday by a boiler explosion at Peoria, a small town south of this place. The men were employed in a sawmill. James Carter, the proprietor, was seriously injured.

A Strike May Occur.

Cincinnati, O., April 10.—The building trades of Cincinnati, Covington and Newport have demanded shorter hours and more pay on and after May 1. A strike may occur.

Columbus, Ohio.

WON'T BANISH BOER CHIEFS.

Peace Negotiations Progressing Satisfactorily—May Overcome Free Staters' Opposition.

London, April 10.—The Associated Press understands that the peace negotiations are progressing satisfactorily, so far as the Transvaalers are concerned, but the latest advice indicate that there is small probability of the Free staters surrendering in a body. The negotiations, thus far, have been mainly explanations of British intentions.

It has been made plain to the leaders that their surrender will not entail banishment, and this has been a potent influence. The leading Transvaalers urge their allies to arrange peace terms. The inner circles of the war office believe that if the present indications are fulfilled and the Transvaalers agree to surrender, the backbone of Boer resistance will be broken, and that the Free staters' opposition will soon be overcome.

ONE OF BURGLARS WOUNDED.

Surrendered to Cleveland Police After Exchanging Shots.

Cleveland, O., April 10.—Police Sergeant Joseph Farr early yesterday morning discovered two burglars in the act of robbing a pawn shop on Superior street. In response to a demand that they surrender, the burglars opened fire on the officers and a pistol duel in the dark followed. Farr meantime had been joined by other officers and the burglars finally surrendered.

They gave their names as William Foster, a tinsmith, of Chicago, and William Jay, a plumber, of Syracuse, N. Y. Jay received a bullet wound in the hand.

Want More Wages and Less Hours.

Philadelphia, April 10.—The executive board of the Brotherhood of Carpenters and Joiners of America is in session here and is said to be arranging for a concerted move looking to an increase in wages and a shorter working day. It is the general rule to make such demands operative May 1, numerous local unions fixed April 1 as the time limit. Some of these unions secured concessions and others are now on strike.

For Successor to Evans.

Washington, April 10.—The Kansas delegation in congress met in conference yesterday and unanimously decided to push Hon. R. W. Blue, of Kansas, for pension commissioner to succeed Mr. H. Clay Evans. A committee was appointed to see the president when he returned from the south.

Jessie Morrison Released on Bail.

Eldorado, Kan., April 10.—After an imprisonment of eight days in the county jail Jessie Morrison, awaiting her third trial for the murder of Mrs. Elm Castle, was yesterday released on \$10,000 bond.

Changes in the Weather.

Mean slight "spells" of Headache or affect your appetite. Irregularities in eating cause Dyspepsia. Take Dr. Caldwell's Syrup Pepsin and feel good regardless of these elements or habits. Sold by W. & W. Pharmacy.

Only Thirty Dollars.

During the months of March and April the Missouri Pacific railroad and Iron Mountain route will sell tickets from St. Louis to California at the exceptionally low rate of \$30.00. Proportionately low rates for round trip tickets on certain days during March, April and May. Information furnished on application to John R. James, Central Passenger agent, 905 Park building, Pittsburg, Pa.

Farming in Colorado, Utah And New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied land. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. Write S. K. Hooper, G. P. & T. A., Denver, Col.

STUDENTS INSUBORDINATE.

Egged and Otherwise Abused Commandant, Who Afterward Resigned.

Lexington, Ky., April 10.—Insubordination at the Kentucky Agricultural and Mechanical college here yesterday came to a climax Tuesday night when in the dormitory. Commandant Robert A. McKee was knocked down, deluged in water and egged by a division of cadets. After the evening inspection he was leaving the dormitory when a bucket of water was thrown over him from a second-story window. He re-entered the building and ordered the division to fall in. The order was obeyed, but suddenly the lights went out and he was knocked down, pounded with bad eggs and water poured over him. Yesterday morning he resigned, and in chapel President J. K. Patterson announced that he would take charge of the military department for the present.

A reporter who visited the college yesterday to investigate the matter was egged, rocked and finally marched from the ground by a crowd of about 200 excited students. Their reason for thus treating him was the objection to the matter being made public.

Three Foreigners Arrested.

Cleveland, O., April 10.—As a result of the investigation of the Federal authorities, three foreigners were arrested yesterday by U. S. Marshal Chandler on the charge of violating the naturalization laws. The names of the men are Giuseppe Carelli, Angelo Maltoszi and Giuseppe Sena. In default of \$500 bail, they were placed in the county jail.

ABSOLUTE FAITH

You Can Depend Upon the Word of This East Liverpool Citizen.

He has had the experience. He has thoroughly tested the article.

He found it as represented. He has absolute faith in its merits.

Mr. P. J. Green, veterinary surgeon, says: "When attending a sick horse belonging to Mr. G. H. Gardner, of 168 Jackson street, he remarked to me that the horse seemed to be in pain. I replied that I was the sicker of the two, as I could at that time scarcely straighten up with my back from lameness, weakness and severe pains. He asked me what my symptoms were and I explained to him that I had suffered for a number of years from my kidneys, that I had attacks at times when nothing helped me, and it was agony to get around, but that I could not endure idleness. The secretions from the kidneys were very high colored and acidulous; that I had spells of dizziness when I could see black specks floating before my eyes and felt generally broken up. He looked up and said he had the very thing needed to cure me in his house—Doan's Kidney Pills. He went into the house and brought me eight pills. I took them with me and used them two at a dose. The effect was astonishing. I felt it almost at once, and went to the W. & W. pharmacy and bought a box and took them. The encouragement held out to me by the first eight pills was not mythical, as by their continual use the improvement continued, and I consider no expression of praise too strong for Doan's Kidney Pills. In short, they are no plus ultra."

14 for 50 cents a box by all dealers. Foster—Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no other.

Sold by W. & W. Pharmacy.

CURES WEAK MEN FREE

Insures Love and a Happy Home For All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp, Medical Co., 1694 Hull Bldg., Detroit, Mich., and he will gladly send the free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from his daily mail show what men think of his generosity:

"Dear Sir:—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sir:—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sir:—Yours was received, and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain sealed envelope. The receipt is free for the asking and he wants every man to have it.

CHRIST DIED FOR ALL,

To be Declared in Presbyterian Committee's Declaratory Statement.

INFANTS WHO DIE NOT LOST

Also to Be Declared—Committee Will Recommend That the Chapters Attacking the Pope Be Dropped. Meet in Washington.

Washington, April 10.—The Presbyterian committee on creed revision assembled here yesterday. The final report on the subject is expected to be adopted by the committee within a week.

The committee accomplished considerable work yesterday, finishing up all features except that relating to the brief statement of doctrine. Consideration of this statement will occupy the committee during the remainder of the session here.

As a result of the work already done overtures will be submitted to the general assembly, which meets in New York in May for action on the declaratory statement with reference to the third and tenth chapters of the confession. These relate to predestination and election of infants. The object is to remove misunderstandings on these points by declaring that the confession is not to be understood as teaching that any children who die in infancy are lost; also that the confession is not to be understood as teaching that the provisions of the Gospel and the offer made by it is to be limited to a certain number—that Christ died for all men, nor is it to be understood as in any way interfering with human liberty and with the freedom of men.

An overture will be sent to the

This shaped box—no other

general assembly dropping from the text of the confession the chapters relating to the pope of Rome, and that it is a sin in another to refuse an oath when administered by right authority.

CATHOLIC UNIVERSITY TRUSTEES

Meeting of the Board at Washington. Matters of Importance to School Discussed.

Washington, April 10.—There was a meeting at the Catholic university yesterday of the board of trustees of that institution. Those present included Archbishops Corrigan, of New York; Ryan, of Philadelphia; Ireland, of St. Paul, and Keane, of Dubuque; Cardinal Gibbons, Bishops Spalding, of Peoria; Foley, of Detroit; Riordan, of San Francisco, and Macs of Covington, and Dr. Conaty, the rector of the university.

Matters of importance to the university mainly were discussed, and Archbishop Keane said after the meeting there was nothing to give out in which the public was interested. The trustees finished their meeting yesterday.

ALLEGED BRITISH POST.

Col. Crowder to Hear Evidence and Visit Chalmette.

New Orleans, April 10.—Col. E. H. Crowder, of the war department, who arrived here yesterday to investigate the alleged British army post at Chalmette, opened an office in the custom house, and said he was ready to begin his inquiry.

He said he expected to go over much the same evidence as had been presented to Gov. Heard, but would also personally visit Chalmette and make a full inspection of the system and extent of the operations there.

Could Fill the Paper With Them.

This paper might be filled with items like the following and every one to the absolute truth: I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottle of which cured me. NARROW ESCAPE

FOR PASSENGERS ON A WELLSVILLE CAR.

It Came Within a Few Feet of Going Over Yellow Creek Bridge.

Passengers on car No. 2 bound for Wellsville had a narrow escape from going into the swollen waters of Little Yellow creek this afternoon. The car projected several feet over the end of the bridge when it was finally stopped by the railing. There were about six passengers aboard and naturally a panic among them.

The car was going at a rapid rate when it left the track and struck the bridge railing. The front end of the car was considerably wrecked, but no person was injured.

AGAINST EVILS

REV. J. M. HUSTON PREACHED VIGOROUSLY.

As a Result Pasadena Does Not Want Him to Return as Pastor.

A recent issue of the Pasadena (Cal.) Star contains a long account of the trouble between Rev. Dr. J. M. Huston and the congregation of the First M. E. church of which he is pastor. Rev. Mr. Huston was formerly pastor of the First M. E. church of East Liverpool and just prior to leaving that charge and going to California he married Miss Lide Holloway, of Bridgeport, founder of the Deacons home in Kirkwood. Both Rev. Mr. Huston and wife are very well known in the Ohio valley and the facts in regard to the trouble will be read with interest.

It seems that Dr. Huston was very much opposed to almost all kinds of sports, base ball, billiards, rowing, bowling, dancing, cards, horse racing, etc., but in his congregation the liberal element prevailed. Recently bowling and billiards became a popular fad with the younger people and they went into it with an energy the pastor thought was not consistent with their professions of Christianity. He made a vigorous campaign against the so-called evils from his pulpit. His sermons were largely devoted to the subject. Recently at a meeting of the congregation they voted to ask conference not to return him to the church and the request, it is stated, will probably be granted.

GENERAL PROSPERITY

INDICATED IN PRESBYTERIAN SOCIETIES' REPORTS.

Three New Deacons Elected - New Gallery Considered And Favored By a Majority.

There was an adjourned congregational meeting at the First Presbyterian church last evening at which important matters were considered. The reports of different societies were read and were most gratifying, showing a large increase of receipts and other abundant evidences of general prosperity. Three new deacons were elected—Dr. W. R. Clark, Mack Anderson and James R. Hill.

The proposition of building a gallery was discussed and 87 persons voted in favor of it and 44 against. It is probable that another vote will be taken on the subject, as the small attendance last night was not regarded as sufficient to decide the question. During the discussion it became manifest that those who opposed the gallery feared that such an addition would be unsafe. Deputy Factory Inspector Reuben M. Hull, of Salineville, who is in town, was called upon today to inspect the church. He did so and gave it as his unofficial opinion that the church was strong and well built and that the addition could be made without danger. The expense will probably be \$3,000 to \$4,000. A special meeting of the trustees will be held this afternoon, to consider this and other questions relating to the church.

Patent kid shoes for ladies, light or heavy soles; comfortable and good. \$3.00.

R. W. SAMPLE & CO. 85-4-t-m

Not Reassuring.

"Have—have you any reason to believe that your father will exhibit violence when I ask him for your hand?" inquired the timid youth.

"I have never been present on any of these occasions," replied the lovely girl evasively. "And, to tell you the truth, I have never wanted to be present. I suppose I am foolishly sensitive about these things, but I can't help it. I remember that papa took me to a slaughter house when I was a little girl, and I dreamed about it every night for months afterward."—Cleveland Plain Dealer.

A BONANZA

IS WHAT THE OSCEOLA NO. 2 LOOKS LIKE.

Flattering Report From the Green Mountain Mining & Milling Company Expert.

Cunningham Gulch, Col., March 31. The Green Mountain Mining & Milling Company, S. J. Cripps, Secretary, East Liverpool, O.

Dear Sir—Yours of March 22d at hand, and I am glad that you are pleased with the showing of the mines, as far as I could work them yet, but if you could see the Osceola property today you would be still more pleased. When the drift was in about 70 feet it was looking so good that I got very anxious to know if it would carry itself the same way clean across and ordered the contractor to cross-cut it, and it is now 12 feet across, but not through yet, and it shows all over fully as good as it does on the breast. Just think of it, 12 feet of ore like that, and it might be several feet wider yet. It is really great and if the other veins show only half as good, we will have the biggest bonanza in the state of Colorado.

Yesterday an old practical mining man, who is a very good authority on mining ground, came up to look at it. One of the miners working for the contractor had talked so much about it to him that he did not believe half of it, so he wanted to see for himself, but after he had seen it he said: "Biefeldt, what mortal fools them former owners were; they had that property for over 20 years and never went into it, in the right way." You will have as big a mine as you ever wish for as soon as we are clear across the vein. I will let you know the Osceola No. 2 has carried itself well from the start, and increasing in width and is now four feet wide.

On the International, I could not start in with the drift as I had calculated on account of a snowslide, and so to get to the same point as intended I had to start in with a short cross-cut which is now in 25 feet and I expected to cut the vein at every shot.

After the Highland Mary people having shoveled out the snow on the road from Howardsville up to their place to get coal, I ordered material for the tracks in the R. Blum tunnel and will commence work there in a few days.

Enclosed find bills for the month of March and receipts from the contractors, Swartz and Hendor, for check received in your last letter.

Hoping to hear from you soon. Yours very truly,

WM. BIELEFELDT, SR.

85-h

A nice patent calf shoe for boys at \$2.00. R. W. SAMPLE & CO. 85-4-t-m

Stopping a Fast Train.

People often wax impatient because express trains cannot be stopped at some unimportant little station at which they wish to alight. They should consider the cost of satisfying their whim. A train going at a rate of sixty miles an hour can be stopped within 120 yards from the first application of the brake. Now, enough power is lost to carry this same train fifteen miles over a plane surface. First there is the momentum acquired by the train flying at this remarkable rate of speed, then the loss of steam in applying the brakes and lastly the extra amount of coal to compensate for all these losses, for all of which impatient passengers would not care to pay.

A Chance to Retaliate.

The minister was young and easily embarrassed. The first time he performed the marriage ceremony it was for a couple who were both younger and still more easily embarrassed than he.

When he had finished the service and murmured a few kindly meant but halting words to the young couple whom he had just united, the bride looked at him, blushing, but confident. "Thank you," she said clearly. "It's real kind of you to congratulate us, and as long as you haven't ever been married yet, maybe we'll have a chance some day to retaliate."

Our \$3.00 shoe for ladies embraces everything fashion demands Extension soles and patent tip are correct. R. W. SAMPLE & CO. 85-4-t-m

TOO LATE TO CLASSIFY.

The BOSTON STORE

Table Linens

GREATLY UNDERPRICED.

Two extra special numbers in bleached damasks on sale this week. Based on present market prices you save 40c a yard on Lot No. 1, 70c a yard on Lot No. 2.

\$1.10 A Yard For \$1.50 Damasks.

Lot No. 1 is a 70 inch wide, heavy pure linen damask, regular \$1.50 quality, priced for this sale at \$1.10 a yard. The patterns are Fleur-de-lis, Thistle, Hawthorne, Pansy and a fancy stripe.

\$1.30 A Yard For \$2.00 Damasks.

Lot No. 2 is a 2-yard wide fine heavy all linen damask, the regular \$2 grade, priced for this special sale at \$1.30 a yard. This number comes in Poppy, Holly, Carnation, Thistle, fancy stripe and Fleur-de-lis patterns. We bought these goods because they were underpriced and because we did not want to pass a good thing. It will pay you to do likewise for the same reason.

\$3.00 A Dozen For \$4.00 Napkins.

A special drive in a 5/8 size all linen napkin, assorted patterns, good value at \$4 a dozen and retailed over some counters at \$4.50 a dozen, priced for this special sale at \$3 a dozen.

White Bed Spreads

Showing some exceptional values in white honey comb bed spreads at \$1.00, \$1.25, \$1.50 and \$2.00 each at present. It would be to your advantage to investigate.

The BOSTON STORE

Cheap Living in Mexico.

"Mexican laboring men," says a man who has been visiting in Mexico, "work for 12 cents a day. This may seem incredible, but it is a fact. You see more copper cents in that country and more are used, perhaps, than in any country on the globe. It is not uncommon to see a Mexican woman go to market and buy a cent's worth of wood, a cent's worth of corn or coffee and a stalk of cane. She will make a fire in the center of her adobe house and prepare a meal for the family. They eat cane as we would an apple. The ox cart and wooden plow are still in use. The ox teams are harnessed so the pressure of the load comes upon the head, just in front of the horns, instead of the shoulder and neck."

Captured Big Game.

In one of the St. Louis Sunday schools the classrooms are separated by glass partitions. A St. Louis paper says that during a session of the school one of the teachers was much annoyed by loud talking in an adjoining room. At last, unable to bear it any longer, he mounted a chair and looked over the partition. Seeing that one boy who was a little taller than the others was talking a great deal, he leaned over, hoisted him over the partition and banged him into a chair in his room, saying, "Now be quiet!"

A quarter of an hour later a small head appeared round the door, and a meek, scared little voice said: "Please, sir, you've got our teacher."

Cooking Fish.

Boil haddock and codfish six minutes for every pound; bass, salmon and halibut ten to fifteen minutes. A lobster, as a rule, requires half an hour to forty minutes. Large fishes should bake about one hour and small ones twenty to thirty minutes. Broiling requires a quarter to half an hour, according to the size of the fish, very small specimens being finished in five to ten minutes.

A \$2.00 shoe for ladies with \$3.00 style is what our new ones are for spring. R. W. SAMPLE & CO.

LIKE A WILD MAN

JACK ROWE STIRRED UP HAVOC AT HIS HOME.

Unpeaceful Climax to a Week's Carousal—Teddy Hickey Bested By Booze.

Jack Rowe, while half crazed from the effects of strong drink, went on the war path at his home, Washington street, last evening, and attempted to drive everybody from his domicile.

Rowe conducts a boarding house and also has a number of roomers. Not satisfied with trying to drive his family into the street, he, it is said, began to abuse the others about the house and continued his rampage until Officer Davidson was called, who placed him under arrest. He was locked up and will remain in jail until he fully recovers from his prolonged spree.

Teddy Hickey, a member of the "white wings" force, last evening was found by Officer Davidson near the Broadway wharf. He was first sighted while walking towards the river, but fell before reaching the water.

When the officer picked Hickey up he was utterly helpless and one of his shoes was missing. He spent the night in jail and paid \$5.00 this morning to secure his release. His lost shoe could not be found, and he had to buy another pair.

See our guaranteed patent leather shoe for men at \$4.00. New pair given if they break.

How the Cobra Gives Warning.

The most dangerous reptiles of India and Africa are the cobras. No snakes, not even rattlesnakes, are more dreaded, and with reason. As the rattlesnake warns the ear by its significant "rattle," so the cobras warn the eye by the mode in which they expand the upper part of the body when irritated. This expansion is produced by a sudden movement of the ribs of that region of the body. Usually they incline backward, but the animal when irritated makes them stand out at right angles to the body and so, of course, forces outward the skin which covers them. Thus the neck, or part just behind the head, becomes greatly expanded and flattened, as it also does, though in a less degree, in the Australian blacksnake.

This expansion is called a hood, and so the animals are called hooded snakes. In some of them there is on the back of the hood a dark mark, something like a pair of spectacles, and they have therefore been called spectacle snakes.

Don't suffer with uncomfortable shoes. We make a specialty of easy ones.

LIKE A WILD MAN

JACK ROWE STIRRED UP HAVOC AT HIS HOME.

Unpeaceful climax to a week's Carousal—Teddy Hickey Bested By Booze.

Jack Rowe, while half crazed from the effects of strong drink, went on the war path at his home, Washington street, last evening, and attempted to drive everybody from his domicile.

Rowe conducts a boarding house and also has a number of roomers. Not satisfied with trying to drive his family into the street, he, it is said, began to abuse the others about the house and continued his rampage until Officer Davidson was called, who placed him under arrest. He was locked up and will remain in jail until he fully recovers from his prolonged spree.

Teddy Hickey, a member of the "white wings" force, last evening was found by Officer Davidson near the Broadway wharf. He was first sighted while walking towards the river, but fell before reaching the water.

When the officer picked Hickey up he was utterly helpless and one of his shoes was missing. He spent the night in jail and paid \$5.00 this morning to secure his release. His lost shoe could not be found, and he had to buy another pair.

See our guaranteed patent leather shoe for men at \$4.00. New pair given if they break.

How the Cobra Gives Warning.

The most dangerous reptiles of India and Africa are the cobras. No snakes, not even rattlesnakes, are more dreaded, and with reason. As the rattlesnake warns the ear by its significant "rattle," so the cobras warn the eye by the mode in which they expand the upper part of the body when irritated. This expansion is produced by a sudden movement of the ribs of that region of the body. Usually they incline backward, but the animal when irritated makes them stand out at right angles to the body and so, of course, forces outward the skin which covers them. Thus the neck, or part just behind the head, becomes greatly expanded and flattened, as it also does, though in a less degree, in the Australian blacksnake.

This expansion is called a hood, and so the animals are called hooded snakes. In some of them there is on the back of the hood a dark mark, something like a pair of spectacles, and they have therefore been called spectacle snakes.

NARROW ESCAPE

FOR PASSENGERS ON A WELLSVILLE CAR.

It Came Within a Few Feet of Going Over Yellow Creek Bridge.

Passengers on car No. 2 bound for Wellsville had a narrow escape from going into the swollen waters of Little Yellow creek this afternoon. The car projected several feet over the end of the bridge when it was finally stopped by the railing. There were about six passengers aboard and naturally a panic among them.

The car was going at a rapid rate when it left the track and struck the bridge railing. The front end of the car was considerably wrecked, but no person was injured.

AGAINST EVILS

REV. J. M. HUSTON PREACHED VIGOROUSLY.

As a Result Pasadena Does Not Want Him to Return as Pastor.

A recent issue of the Pasadena (Cal.) Star contains a long account of the trouble between Rev. Dr. J. M. Huston and the congregation of the First M. E. church of which he is pastor. Rev. Mr. Huston was formerly pastor of the First M. E. church of East Liverpool and just prior to leaving that charge and going to California he married Miss Lide Holloway, of Bridgeport, founder of the Deaconess home in Kirkwood. Both Rev. Mr. Huston and wife are very well known in the Ohio valley and the facts in regard to the trouble will be read with interest.

It seems that Dr. Huston was very much opposed to almost all kinds of sports, base ball, billiards, bowling, dancing, cards, horse racing, etc., but in his congregation the liberal element prevailed. Recently bowling and billiards became a popular fad with the younger people and they went into it with an energy the pastor thought was not consistent with their professions of Christianity. He made a vigorous campaign against the so-called evils from his pulpit. His sermons were largely devoted to the subject. Recently at a meeting of the congregation they voted to ask conference not to return him to the church and the request, it is stated, will probably be granted.

GENERAL PROSPERITY

INDICATED IN PRESBYTERIAN SOCIETIES' REPORTS.

Three New Deacons Elected—New Gallery Considered And Favored By a Majority.

There was an adjourned congregational meeting at the First Presbyterian church last evening at which important matters were considered. The reports of different societies were read and were most gratifying, showing a large increase of receipts and other abundant evidences of general prosperity. Three new deacons were elected—Dr. W. R. Clark, Mack Anderson and James R. Hill.

The proposition of building a gallery was discussed and 87 persons voted in favor of it and 41 against. It is probable that another vote will be taken on the subject, as the small attendance last night was not regarded as sufficient to decide the question. During the discussion it became manifest that those who opposed the gallery feared that such an addition would be unsafe. Deputy Factory Inspector Reuben M. Hull, of Salineville, who is in town, was called upon today to inspect the church. He did so and gave it as his unofficial opinion that the church was strong and well built and that the addition could be made without danger. The expense will probably be \$3,000 to \$4,000. A special meeting of the trustees will be held this afternoon, to consider this and other questions relating to the church.

Not Reassuring.

"Have—have you any reason to believe that your father will exhibit violence when I ask him for your hand?" inquired the timid youth. "I have never been present on any of these occasions," replied the lovely girl evasively. "And, to tell you the truth, I have never wanted to be present. I suppose I am foolishly sensitive about these things, but I can't help it. I remember that papa took me to a slaughter house when I was a little girl, and I dreamed about it every night for months afterward."—Cleveland Plain Dealer.

A BONANZA

IS WHAT THE OSCEOLA NO. 2 LOOKS LIKE.

Flattering Report From the Green Mountain Mining & Milling Company Expert.

Cunningham Gulch, Col. March 31. The Green Mountain Mining & Milling Company, S. J. Cripps, Secretary, East Liverpool, O.

Dear Sir—Yours of March 22d at hand, and I am glad that you are pleased with the showing of the mines, as far as I could work them yet, but if you could see the Osceola property today you would be still more pleased. When the drift was in about 70 feet it was looking so good that I got very anxious to know if it would carry itself the same way clean across and ordered the contractor to cross-cut it, and it is now 12 feet across, but not through yet, and it shows all over fully as good as it does on the breast. Just think of it, 12 feet of ore like that, and it might be several feet wider yet. It is really great and if the other veins show only half as good, we will have the biggest bonanza in the state of Colorado.

Yesterday an old practical mining man, who is a very good authority on mining ground, came up to look at it. One of the miners working for the contractor had talked so much about it to him that he did not believe half of it, so he wanted to see for himself, but after he had seen it he said: "Bielefeldt, what mortal fools them former owners were; they had that property for over 20 years and never went into it, in the right way." You will have as big a mine as you ever wish for as soon as we are clear across the vein. I will let you know the Osceola No. 2 has carried itself well from the start, and increasing in width and is now four feet wide.

On the International, I could not start in with the drift as I had calculated on account of a snowslide, and so to get to the same point as intended I had to start in with a short cross-cut, which is now in 25 feet and I expected to cut the vein at every shot.

After the Highland Mary people having shoveled out the snow on the road from Howardsville up to their place to get coal, I ordered material for the tracks in the R. Blum tunnel and will commence work there in a few days.

Enclosed find bills for the month of March and receipts from the contractors, Swartz and Hendor, for check received in your last letter.

Hoping to hear from you soon, Yours very truly,

WM. BIELEFELDT, SR.

A nice patent calf shoe for boys at \$2.00. R. W. SAMPLE & CO. 85-1-t-m

Stopping a Fast Train.

People often wax impatient because express trains cannot be stopped at some unimportant little station at which they wish to alight. They should consider the cost of satisfying their whim. A train going at a rate of sixty miles an hour can be stopped within 120 yards from the first application of the brake. Now, enough power is lost to carry this same train fifteen miles over a plane surface. First there is the momentum acquired by the train flying at this remarkable rate of speed, then the loss of steam in applying the brakes and lastly the extra amount of coal to compensate for all these losses, for all of which impatient passengers would not care to pay.

A Chance to Retaliate.

The minister was young and easily embarrassed. The first time he performed the marriage ceremony it was for a couple who were both younger and still more easily embarrassed than he.

When he had finished the service and murmured a few kindly meant but halting words to the young couple whom he had just united, the bride looked at him, blushing, but confident. "Thank you," she said clearly. "It's real kind of you to congratulate us, and as long as you haven't ever been married yet, maybe we'll have a chance some day to retaliate."

Our \$3.00 shoe for ladies embraces everything fashion demands. Extension soles and patent tip are correct. R. W. SAMPLE & CO. 85-1-t-m

Table Linens

GREATLY UNDERPRICED.

Two extra special numbers in bleached damasks on sale this week. Based on present market prices you save 40c a yard on Lot No. 1, 70c a yard on Lot No. 2.

\$1.10 A Yard For \$1.50 Damasks.

Lot No. 1 is a 70 inch wide, heavy pure linen damask, regular \$1.50 quality, priced for this sale at \$1.10 a yard. The patterns are Fleur-de-lis, Thistle, Hawthorne, Pansy and a fancy stripe.

\$1.30 A Yard For \$2.00 Damasks.

Lot No. 2 is a 2-yard wide fine heavy all linen damask, the regular \$2 grade, priced for this special sale at \$1.30 a yard. This number comes in Poppy, Holly, Carnation, Thistle, fancy stripe and Fleur-de-lis patterns. We bought these goods because they were underpriced and because we did not want to pass a good thing. It will pay you to do likewise for the same reason.

\$3.00 A Dozen For \$4.00 Napkins.

A special drive in a 5/8 size all linen napkin, assorted patterns, good value at \$4 a dozen and retailed over some counters at \$4.50 a dozen, priced for this special sale at \$3 a dozen.

White Bed Spreads

Showing some exceptional values in white honey comb bed spreads at \$1.00, \$1.25, \$1.50 and \$2.00 each at present. It would be to your advantage to investigate.

The BOSTON STORE

Cheap Living In Mexico.

"Mexican laboring men," says a man who has been visiting in Mexico, "work for 12 cents a day. This may seem incredible, but it is a fact. You see more copper cents in that country and more are used, perhaps, than in any country on the globe. It is not uncommon to see a Mexican woman go to market and buy a cent's worth of wood, a cent's worth of corn or coffee and a stalk of cane. She will make a fire in the center of her adobe house and prepare a meal for the family. They eat cane as we would an apple. The ox cart and wooden plow are still in use. The ox teams are harnessed so the pressure of the load comes upon the head, just in front of the horns, instead of the shoulder and neck."

Captured Big Game.

In one of the St. Louis Sunday schools the classrooms are separated by glass partitions. A St. Louis paper says that during a session of the school one of the teachers was much annoyed by loud talking in an adjoining room.

At last, unable to bear it any longer, he mounted a chair and looked over the partition. Seeing that one boy who was a little taller than the others was talking a great deal, he leaned over, hoisted him over the partition and banged him into a chair in his room, saying, "Now be quiet!"

A quarter of an hour later a small head appeared round the door, and a meek, scared little voice said: "Please, sir, you've got our teacher."

Cooking Fish.

Boil haddock and codfish six minutes for every pound; bass, salmon and halibut ten to fifteen minutes. A lobster, as a rule, requires half an hour to forty minutes. Large fishes should bake about one hour and small ones twenty to thirty minutes. Broiling requires a quarter to half an hour, according to the size of the fish, very small specimens being finished in five to ten minutes.

MANY PROTESTS WERE FILED WITH THE EQUALIZING BOARD

Property Holders Assessed For Trentvale Improvement Are Up in Arms.

REFUSE TO PAY ANYTHING

Declare That They Have Been Unjustly Treated and Propose to Fight to the End

MANY ERRORS WERE FOUND

In the Work of the Board Making the Assessments—Petition With About 20 Signatures Submitted to the Board, Declaring War.

Troubles in great profusion were encountered last evening by the members of the Trentvale equalizing board, who met at the city engineer's office to hear grievances from property owners who have filed objections to their assessments.

Many of the parties who had "kicks" to register erroneously entertained the impression that the equalizing board had the power to cut down the assessments. This was what they insisted on, but, of course, their wishes could not be gratified.

It is a matter difficult of conjecture to determine how the assessments that have been made can be equalized. The board now at work is restrained from changing the assessments so as to affect the total amount of money represented. It is only empowered with authority to make the assessments conform with the benefits derived from the Trentvale street improvement and to take off of one levy, in case they consider that it has been unfair, and add to another which has been assessed in a sum less than the benefits amount to.

Regardless of the fact that the equalizing board has been endeavoring to act with all possible fairness, it has thus far been an impossibility to come to any satisfactory agreement with any of the property owners not directly benefited by the Trentvale improvement. Half of the dissatisfied property holders who met with the board last evening declared that they were not benefited a penny's worth and absolutely refused to pay anything.

Those living on Trentvale street beyond the point where the paving ends agreed to pay their assessment if the street was improved to the city limit, or out far enough to reach their property. They contended that they had been charged in excess of many of those who have the paving in front of their properties and were not backward in charging that they had been treated with the utmost unfairness.

Numerous errors have been found in the work of the assessing board. Peter Devine, living in an alley west of Trentvale street, is charged up with a frontage of 195 feet, when he only owns 90 feet. His assessment amounts to \$129, while others owing more than double the property he does in the same location, are charged less than half of his assessment.

Albert Geon, who owns about 50 lots on the hillside between Trentvale street and Calcutta road, is booked to pay the sum of \$255.60. There is not even a lane or alley leading from Trentvale street to his property, and for this reason he makes the claim that his benefits from the street improvement amount to nothing. He positively refuses to pay a cent and proposes to fight in the courts.

George Phillips was assessed \$20 for one lot, while another lot of equal size adjoining and receiving identically the same benefits, was only assessed \$7. He believes he has been unfairly treated.

Dozens of others presented similar grievances and declared they would not pay a cent until they were forced to do so by law. The members of the equalizing board soon found that they were "up against it" and advised their "tormentors" to present their woes to council.

A petition was filed by the board, signed by about 20 property holders, who refused to pay the money charged against them. A similar petition has also been filed with council.

The landslide that occurred yesterday on Trentvale street has been the cause of no little agitation among the residents of the section lying beyond the point where the slip occurred. It

is claimed by them that other landslides are likely to follow at any time and nearly all had some fault to find with the manner in which the improvement was made.

Licensed to Wed.
Lisbon, April 10. — (Special) — Marriage licenses have been issued as follows:
Robert Lytle and Rachel Davis, of East Palestine.

SOLDIERING NO SNAP

H. S. RIGBY WRITES OF LIFE IN THE PHILIPPINES.

Glad He Embraced the Opportunity to Take the Trip to the Islands.

H. S. Rigby, a member of Company H, Thirtieth U. S. volunteer infantry, now stationed at Nanjan, Mandoro island, Philippine islands, has written his sister, Mrs. Sylvester Kinsey, in this city. Mr. Rigby was a former resident of East Liverpool and will be remembered by many of the citizens. After discussing matters of a private nature Mr. Rigby said:

"We are quite a long distance from Manila. Our company has been kept very busy ever since we reached the Philippines, and I have considerable time yet to serve. It would be hard to tell when I will get back to America. I have seen many grand sights both on land and sea, and I am glad I embraced the opportunity to take the trip. Soldier life is no snap, as both Will and Mr. Kinsey can tell you. They knew what it was to be hungry and so do I. Taking all things into consideration soldier life is not what a school boy thinks it is. I have waded in swamps waist deep, waded rivers and slept out all night in the rain. To top it out we put up with hard tack and bacon. It takes all these things to make a good soldier, and I have quit complaining long ago.

"The United States army is an excellent place to cure a man of grumbling. I think, though, that by the time my enlistment is out I will have had enough."

QUIETLY WEDDED

PROMINENT YOUNG COUPLE MADE HUSBAND AND WIFE.

Miss Lillian McBane, the Bride, And Mr. William Niblock Claimed Her at the Altar.

Without making known their intentions to anyone excepting a few intimate friends, Miss Lillian McBane and William Niblock, both well known and popular young people of this city, made their way last evening to the home of George Heisler, on Sixth street, where they were married by Rev. C. G. Jordan.

Miss Lena Coventry attended the bride and Charles Bence acted as best man. The bride was attired in light blue silk, while Miss Coventry wore a dress of tan silk. The gentlemen wore the conventional black.

Immediately after the ceremony the bridal party started for the home of the groom's mother, on Minerva street. Mr. and Mrs. Kiblock were met on the sidewalk by a number of post office employees, who showered them with rice. A number of small boys with tin horns and other implements of torture gave a serenade that was anything but pleasing. At Mr. Niblock's home a fine supper was served.

The bride is the daughter of Mr. and Mrs. Alex. McBane and has been employed as stamp clerk at the post office. She is a most estimable young lady. Her husband is prominent in social circles, and has many friends who extend congratulations.

NO IDLE FANCY

Is the Proposed Up-River Extension of the Wabash Railroad.

Abstractor Brophy, an engineer of Pittsburg, who has been working at the court house in Steubenville for several months past on the abstracts of title for the main line of the Wabash railroad in Jefferson county, has received orders to take up the work of abstracting the titles on the line to Toronto, and is expecting additional men in a few days to assist him in the work.

This begins to look like the Wabash extension to Toronto is to be at least more than a dim fancy.

LATEST PICTURE OF REV. DR. T. DE WITT TALMAGE.

Dr. Talmage, who has been very ill, is still a hard worker at the age of 70. His sermons, which are read by 30,000,000 people every week, are nearly all dictated to a stenographer.

APPOMATOX DAY DULY OBSERVED

G. A. R. and Auxiliaries Held a Grand Celebration Last Night.

FINE MUSIC AND SPEECHES

The Closing Event of the Great Civil War Called to Mind in a Forceful Manner—An Excellent Program Presented.

Creditable and successful in every detail was the celebration last evening of Appomatox day by the General Lyon post, G. A. R., together with the Women's Relief Corps and Sons of Veterans, who lent the old soldiers valuable assistance.

The bean bake which occupied attention early in the evening was ahead of anything of the kind ever given by the Grand Army. The tables were loaded down with good things which, together with the beans, were entirely consumed before 8 o'clock.

It was about 8:30 when Commander Daniel McLane called the meeting to order. Bugler Ensign gave the assembly call, after which the commander made a somewhat lengthy, but most pleasing address, in which he told why Appomatox day was held in commemoration by the civil war veterans. He eulogized the members of the Relief Corps and also the Sons of Veterans and thanked them heartily for the assistance rendered the Grand Army post.

Following the address of Commander McLane the assembly joined in singing "Marching Through Georgia." Ralph March, an old soldier, made a decided hit with his hearers by singing "The Star Spangled Banner." He was loudly applauded.

A recitation by Miss Standish was next on the program. Miss Rheinberger then rendered a piano solo, after which Miss Grace Blair captivated the audience by rendering a recitation. She acquitted herself with great credit.

Next on the program was a piano solo by Miss Minta McLane, followed by a recitation by Miss Standish. Too much in praise of the recitations and music rendered by the young ladies could not be given, and the applause that greeted their efforts showed that their talent was well appreciated.

In addition to the formal program speeches were made, Justice J. N. Rose being among the speakers. It is needless to say that his remarks attracted the interest of his hearers. The "squire never makes a speech unless it is a good one.

A number of old songs were sung by the assembly, one of which was "Auld Lang Syne." The Sons of Veterans' drum corps rendered several selections, after which the exercises came to a close.

Valuable Horse Injured.

A valuable horse owned by T. B. Murphy, of Fifth street, was injured while passing along College street yesterday afternoon, and the cause as stated by Mr. Murphy was due to the negligence of the city. The recent rain and snow caused a portion of the street to settle and the driver of the horse not seeing it, allowed the horse to step into the hole, spraining one of its legs.

THE CITY IS SUED AND \$1,000 ASKED

Mrs. Nancy K. Bettridge Says She Fell Into a Hole and Was Badly Hurt.

NEGLIGENCE IS CHARGED

On the Part of East Liverpool Authorities—The Accident Occurred Jan. 20 on West Market Street—Woman Unable to Walk.

Lisbon, April 10. — (Special) — A damage suit for \$10,000 against the city of East Liverpool has been filed by Nancy K. Bettridge. She claims she has received injuries for which the city is liable. She states that on January 20 she tripped and fell into a hole about three feet deep on West Market street. This portion of the street had been torn up for some time and the city had not provided lights or barriers to keep a person from walking into the place.

Her knee and ankle were so badly injured that she is still confined to her room, in great pain and unable to walk without crutches.

She alleges the injuries will be permanent and that her nervous system was also impaired.

LEGISLATORS' WORK

Bill for the Relief of Treasurer Smith Passed—Archer Game Bill.

Columbus, April 10.—(Special)—The house held a session last night and passed two bills providing relief for Charles E. Smith, treasurer of Columbiana county, and George D. Flanagan, of Lisbon, for funds they had in the First National bank, of Lisbon, when it failed.

Mr. Williams, of Mahoning, made a long and impassioned speech in favor of his fellow servant bill, as applied to railroads, in the house, but the measure went down to defeat.

A resolution will be introduced in the house to appropriate \$25,000 to be used in connection with the sum being raised by citizens for the erection of a McKinley memorial on the state house grounds.

The Archer game law bill came up as a special order in the house yesterday. There were, by actual count, 24 amendments offered to it, and it was ordered reprinted and made a special order on next Tuesday. The substitute Cain bill passed the house. It provides that the collection of the Dow tax in houses of questionable reputation and speakeasies shall be done by the dairy and food commissioner. The informer is given a part of the penalty. Government license is made prima facie evidence of the sale of liquor, but bona fide drug stores are exempted.

INVESTIGATION IS ON

Journeyman Barbers Alleged to Be Receiving Benefits for Which They Don't Pay.

There are a number of barbers in the city who are enjoying the benefits of the journeymen's union without giving anything in return. The union at its last meeting took action which, if the proper authorities do their duty, will result in the matter being remedied.

According to the laws of the union

BARBARA BOLTON MUST GO BACK TO HER ENGLISH HOME

shop owners are not permitted to hold membership, and it is said this is being taken advantage of in a large number of cases. The decision has been arrived at that several men have become partners in the business in order to avoid supporting the union, and it has been determined to line these parties up.

A committee was appointed, whose duty it will be to visit all such men at once, and see that they come into the union. In case of refusal the union card will be taken from the shop.

HONEYMOON OVER

MARRIAGE OF A WALKER COUPLE AN UNHAPPY ONE.

The Wife, Who Is Blind, Tells a Sad Story to the 'Squire Who Wedded Her.

The marriage which was performed a few days ago by Justice McCarron by which Charles Lowthers escaped the penalty of a serious charge by taking unto himself a wife in the person of Miss Eva Reese, a blind girl residing at Walker, seems to be a truly unhappy one, the honeymoon already having come to an end.

The blind wife called on Justice McCarron yesterday afternoon and told a pitiful tale of trouble. She said that her husband had refused to live with her and that he was making his home with Mrs. Ida Ammon at Walker.

It was Mrs. Lowthers' desire to compel her husband to leave the domicile presided over by Mrs. Ammon, and she implored the 'squire to assist her in the accomplishment of what she desired to bring about.

Nothing could be done by the justice, who explained to the disappointed wife that there was no law to compel her husband to live with her if he did not wish to do so. Much depressed the woman left the court room declaring that she would take the law in her own hands.

A peculiar and somewhat deplorable aspect is presented in the case of Mrs. Lowthers. Being of a poor family and having no money with which to pay for the proper care she must need have in her coming sickness, it appears that her only recourse will be to apply for admission to the infirmary.

Strange as it may seem the fact that Lowthers is the lawful husband of the afflicted woman does not make him responsible for her care and support. When her child is born he can be made support it, but the mother must look out for herself.

It is not thought, however, that Mrs. Lowthers will go to the infirmary. It is more than likely that relatives and friends will care for her.

GYPSIES IN TOWN

A BIG BAND CAMPED LAST NIGHT IN THE WEST END.

Mayor Ordered Them to Move on And They Went to the East End Today.

A camp of genuine gypsies was established in the West End last night, the party coming from down the river. Such a crowd of these wanderers never before struck the city. But their stay in the West End was cut short, all because the mayor compelled them to vacate, and do it quickly. At 11 o'clock this morning the band passed up Fifth street, going to the East End, where they propose to camp as long as they are permitted on ground just east of the Smith-Phillips pottery.

There were 16 wagons in the camp, 42 persons and 32 head of horses and four dogs. There were also children, in fact numerous children, and of all ages. When the band arrived here last evening they occupied lots near the West End school house owned by John Aten and Harry Headley. Residents of that part of the city advised Mayor Davidson of their presence, and this morning he requested them to move, and they did.

HEAVY SAFE FELL

Causing Damage From Broken Pipes in A. S. Young's Store.

A heavy safe fell downstairs on the second floor of the Thompson building on Fifth street late this afternoon, badly damaging it, and wrecking the water pipes and causing damage by water in A. S. Young's store.

Fled to This City to Escape Her Husband's Cruel Treatment.

BY SPECIAL LEGISLATION

She Was Sent to the Massillon Hospital But Cannot Stay There.

LAWS OF THE UNITED STATES

Have Been Violated And the Steamship Company Which Brought Her Over Must Take Her Back Again. Her Case a Sad One.

Columbus, April 10. — (Special) — Barbara Bolton, the unfortunate woman who was transferred from the Columbiana county infirmary to the Massillon state hospital by a special resolution, introduced by Representative Crist, is to be returned to England, her native land. M. R. Smiley, United States immigration inspector at Columbus, says that as the woman is an alien she will have to go back to the country she came from.

Mrs. Bolton fled to this country from England a little over six months ago, to be free from the cruel treatment she received from her husband, and located in East Liverpool, where her brother resides. Six months after her arrival, as a result of the brutality of her husband, she became insane. She was taken to the infirmary, but in the absence of the proper facilities she could not be given proper treatment, so the legislature was petitioned to send her to the Massillon hospital.

Mr. Smiley has been in correspondence with the White Star line, which brought her to this country, and the officials have agreed to take her back, and suggested that she be brought to New York city on Wednesday for the first steamer. This could not be done, but she will be taken there by the inspector on Friday. Mrs. Bolton will return voluntarily, and is anxious to see her mother, but does not want to go where her husband is.

TWO TINY TRAVELERS

THE BOY BORE A SHIPPING TAG, GIVING DESTINATION.

Fatherless Little Ones Came Alone From Jamestown, N. Y., To This City.

Seated in a railway coach of the west bound C. & P. train last evening, in front of Mayor Davidson, who was returning from a visit to Beaver Falls, were two small children—a boy and a girl. A tag was tied around the neck of the boy. On it were the words: "Elmer and Hattie Bentley, children of Mrs. Mattie Bentley, of East Liverpool, O."

From the little girl, aged 5, the information was gleaned that she and her little brother were children of Arthur C. Bentley, who was burned to death last fall as the result of a gas explosion at the Crockery City ice plant. Soon after the death of their father they were sent to Jamestown, N. Y., where they have since been living with an aunt.

On leaving Jamestown the tag was placed on the boy so as to lessen the chances of the children becoming lost. Their mother met them at the depot and there was general rejoicing. At Youngstown the boy had a pocket-book in his hand containing \$1 and a sneak thief ran off with it.

The girl furnished amusement to the passengers by singing songs for which she received a handful of coins.

Bound Over to Court.

Lisbon, April 10. — (Special) — Herbert Melbourne, of Hanoverton, who was arrested on Sunday at his sister's funeral at Hanoverton, has been bound over to common pleas court on a charge of non-support of his children. The case was heard in 'Squire Dickinson's court yesterday.

Abused His Family.

Lisbon, April 10. — (Special) — Emil Ruffe, of this city, was fined \$3 and costs, a total of \$10.10, in the mayor's court yesterday. Ruffe had gone home drunk the night previous and abused his children, as well as his wife, who appeared against him at the trial.

EAST END

CHURCH IS PROSPEROUS

Gratifying Reports at the Second Presbyterian Meeting—New Officers Chosen.

The annual congregational meeting of the members of the Second Presbyterian church was held last evening in the church on Virginia avenue. The attendance was quite large and the reading of the reports of the officers of the church for the past year proved very interesting. The meeting was presided over by Rev. N. M. Crowe.

Officers for the new year were elected as follows: Trustees, Frank Allabaugh, Samuel R. Dixon, B. Martin; treasurer, T. W. McCain; financial secretary, Miss Alice Allabaugh; chorister, Mrs. Crowe.

The reports of the various officers showed the church to be entirely out of debt, all bills being paid and a balance in the treasury.

CARS TO SMITH'S FERRY

Will Soon Be in Operation—Track Already Laid to the State Line.

Manager Healy, of the street railway company, this morning said that with a few days of good weather sufficient work could be done on the extension of the line in the Klondike to enable the company to operate cars as far as the state line within two weeks and likely before the first of the month.

The track has been laid as far as the state line, and the trolley wire has also been strung that distance. Trolley poles are being trimmed at the power house and will be placed along the route of the extension from the state line to Smith's Ferry. It will not be long until through travel will be opened to Smith's Ferry proper.

PREACHED 49 YEARS

The Late Rev. James R. Stiffey, Well Known in the East End, Buried Today.

Rev. James R. Stiffey, whose death occurred at Beaver Tuesday, was well known in the East End, having preached on many different occasions in the Erie street M. E. church. He was born in Westmoreland county, Pa., October 6, 1830, and served 33 years in the active ministry, 11 in the superannuated and five years in the superannuated relation.

For several years Rev. Mr. Stiffey preached at Smith's Ferry. The funeral was held from the residence at Beaver this afternoon.

Sold His House.

Walter Supplee has sold his residence on Ohio avenue to Mrs. Conover, of Trenton, who will remove to this city. Mrs. Conover is the daughter of Elijah Mountford, assistant manager of Laughlin No. 2, and only recently mourned the death of her husband, noted in this paper. Plans are now being prepared for the erection of a 10-room house for Mr. Supplee, to be built at the corner of Ohio and Needham avenues. Ground for this improvement will be broken in a few weeks.

Gas Will Be Used.

No more coal will be used under the boilers at the power house by the United Power company, but gas will be used instead. The company has a number of men now at work making connections with the gas mains at the power house, and also placing burners under the new boiler. It was announced this morning that the gas under the new boiler would be lighted within a few days.

Ladies' Social a Success.

The Ladies' Aid society of the Erie street M. E. church gave another supper and social at the Larkins & Ferguson hall last evening, and the attendance was three times as large as that of the preceding night. It is estimated that the society cleared in the neighborhood of \$75 as a result of their work, which will go toward purchasing a new carpet for the church.

EAST END AFFAIRS.

The Mechanics of the East End will hold their regular meeting this evening.

William Spence has taken charge of the line work of the East Liverpool Railway company, filling the vacancy

Increasing demand beyond all precedent stands out as clear and positive evidence of the kind of Beer, Ale and Porter we bottle.

Send for a Case and try it
Yours respectfully,
G. W. MEREDITH & CO.

Hood's Pills

Sold everywhere. 25 cents.

caused by the resignation of Mr. Midgough, who left last week for Binghamton, N. Y.

Postmaster Baird, of the East End, is ill at his home on Mulberry street, threatened with fever.

A meeting of the directors of the Federal Building & Loan association will be held in the office of the company this evening.

William Call, who has been very ill at his home in Calhoun's addition, suffering with pneumonia, is thought to be in a critical condition.

SIGNAL

Signal, April 10.—S. K. Bell is having a car load of walnut lumber inspected for shipment.

C. E. Tullis is suffering from pneumonia.

J. M. Levan is going into the cold storage business here next summer. He has purchased about 250 egg cases.

William McCarthy made a delivery of some fine trees here last week.

E. C. Davis is at Elwood City in the interest of a wholesale supply company of Columbus.

WEST POINT

West Point, April 10.—Will McLane is making some improvements on his place.

Lloyd Gilmore is home from Canfield normal school for a two weeks' vacation.

Miss Lu Martin was a Gavers visitor yesterday.

Mrs. Henry Lewis is among the indisposed this week.

A horse belonging to Will Eells, while tied to a post in front of the store here one day last week, became frightened and broke loose, running for almost a mile before it was captured, making nearly an entire wreck of the buggy, but fortunately escaping injury itself.

John Croft is ill this week.

Mrs. H. H. Davis is dangerously ill with heart trouble.

H. V. George visited relatives here over Sunday.

John McMillan wears a smile these days, having found a \$20 gold piece one day last week.

Miss Eliza Gilson is not improving as fast as her many friends would desire.

J. L. Moore and daughter Nellie attended the funeral of his mother, Mrs. John Moore, at East Liverpool Monday.

Mrs. Kerr, of Lisbon, has been called to the bedside of her sister, Mrs. Mary McCaskey, who is again very ill.

The following is the result of the election here: Justices of the peace, H. H. Martin, R. and W. D. Ray; trustee, James McCormick, R.; clerk, Dan McBane, D.; assessor, Jesse McLaughlin, D.

East Palestine Man Called.

Rev. George S. Swezey, of East Palestine, has accepted a call to the Presbyterian church in Niles to succeed Rev. W. F. McKee, who will go to Turtle Creek.

A Heart Tonic.

When all other headache tonics fail to cure your headache try Clinch Headache Wafers, they never fail, never depress, are a true heart and nerve tonic and are guaranteed to cure. One trial will convince and you will then use no other. 10 cents at all druggists.

\$33 TO CALIFORNIA

FROM CHICAGO EVERY DAY DURING MARCH AND APRIL.

Phenomenally Low Rates to the Pacific Coast And Intermediate Points.

Colonist excursions open to all. Later on at intervals during the summer special round trip excursions to the coast at less than one cent per mile going one way, returning another. An excellent opportunity to visit any part or all of the great west for pleasure, education or business. People with interests at various points will show you attention. Address a postal to F. B. Choate, General Agent, Union Pacific, Southern Pacific railways, Park building, Pittsburg, Pa. Write on the back, "Send details low rates to California," adding your own name and address, also those of any of your friends and you will receive in return information of fascinating interest, great practical value, or educational and business worth. Whether or not you are now thinking of taking this delightful trip or looking to better your condition in life, it will pay you, your family and friends to write a postal as above. As the Colonist rates open to all are good during March and April only, send your postal today.

WOMAN KILLED HUSBAND.

Drove Nail Through Partition Into His Head.

Wellington, Kan., April 10.—In Grant county, Oklahoma, just across the line from here, Mrs. Peoples, a Bohemian, is reported to have killed her husband by driving a nail into his head. Peoples, a farmer, went home drunk, beat his wife, and after ordering her to get supper, went to sleep with his head leaning against a pine partition. When supper was ready the woman tried to waken him, but failed. Fearing that he would beat her again when he awoke for not calling him, she drove a nail through from the other side of the partition into the man's head, killing him. She made no attempt to escape.

Dr. Caldwell's Syrup Pepsin aids digestion. Sold by W. & W. Pharmacy.

Many are fond of Tapioca, but dislike the trouble of soaking it. Use Mrs. Austin's Quick Lunch Tapioca. No soaking.

Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Waterbrash, Grogginess and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming Up of Food After Eating, Low Spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almanac.

Dr. Miles Medical Co., Elkhart, Ind.

dealt with her in a spirit of large generosity.

Nation Must Control Trusts

This is an era of great combinations, both of labor and of capital. In many ways these combinations have worked for good; but they must work under the law, and the laws concerning them must be just and wise, or they will inevitably do evil; and this applies as much to the richest corporation as to the most powerful labor union. Our laws must be wise, sane, healthy, conceived in the spirit of those who scorn the mere agitator, the mere inciter of class or sectional hatred; who wish justice for all men; who recognize the need of adhering so far as possible to the old American doctrine of giving the widest possible scope for the free exercise of individual initiative, and yet who recognize also that after combinations have reached a certain stage it is indispensable to the general welfare that the nation should exercise over them, cautiously and with self-restraint, but firmly, the power of supervision and regulation.

Above all, the administration of the government, the enforcement of the laws must be fair and honest. The laws are not to be administered either in the interest of the poor man or the interest of the rich man. They are simply to be administered justly.

SERVICES FOR RHODES.

Conducted by a Bishop at Bulawayo. Body Taken to Matappo Hills.

Bulawayo, Matabeleland, April 10.—After an impressive service held at the Drill hall yesterday by the bishop of Mashonaland, the coffin containing the remains of Cecil Rhodes started on the last stage of its journey to the Matappo hills.

At yesterday's service there occurred a demonstration of sorrow, in which the whole surrounding country participated. Hundreds of persons were turned away from the drill hall, which was crowded to its utmost capacity, and thousands of voices, in and around the building, took up the funeral anthem.

The streets through which the funeral procession passed were lined with troops, and everybody fell in behind the coffin as soon as the cortege had left the town limits. The entire population of Bulawayo took part in the procession, leaving the town deserted.

The body was to pass last night in a hut on the summit of the Matappo hills in which Cecil Rhodes once lived.

WEATHER FORECAST.

For Ohio—Cloudy today, with warmer in north and central portions, clearing along the northeast lake shore; tomorrow, probably fair; light to fresh north winds.

For Western Pennsylvania—Fair and warmer today; tomorrow, fair; variable winds.

For West Virginia—Cloudy today, with rain in east portion, warmer; tomorrow, fair; northwest winds.

It will do you more good to acknowledge your faults than it will do your enemies.—Athenian Globe.

TO SHUT OUT J. J. LENTZ.

One Argument of Change in One District—Ohio House Passed Bill.

Columbus, O., April 10.—The house passed the congressional redistricting bill yesterday, after amending it by taking Fairfield county, which has a normal Democratic plurality of about 1,500 from the Twelfth district, and adding it to the Eleventh. This leaves Franklin county, which is nominally Republican, by a small majority, to constitute the Twelfth district. One of the arguments used by Republicans in favor of the change was that it would prevent the return to congress of John J. Lentz, who was defeated for re-election by Emmett Tompkins two years ago by 13 votes. No other districts are changed.

Mutual Attraction.

It is just as well to make the best of everything when you can't help it, but you can try to give a little assistance at first.

FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Alvin H. Bulger.

Red Cross Ball Blue has the largest sale of any blue in the world. Highest quality at a reasonable price the reason.

Are You Using Allen's Foot-Ease?

Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal Gorge, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col. 7-11-3-11

BUY BEFORE THE PRICE GOES HIGHER!

Gas Apparatus Construction Company Stock is Advancing.

OF THE NUMEROUS speculative investments open to the public the new issue of stock by The Gas Apparatus Construction Company is one of the most promising, and applications for this stock have been so numerous that the value of the stock has increased rapidly, and only

15 Shares will be Sold at the Price of \$30 Each

after which the price will go higher and higher until the stocks bought today at this low figure may be worth at least \$1,000 each. The reason for this marvelous enhancement is simple enough. It doesn't require argument to prove the value of a process by which a good fuel gas can be manufactured for less than five cents per thousand cubic feet.

This is Not an Experiment, the Process Has Already Been Thoroughly Demonstrated.

The Company's plant at Chester is now ready for operation, and the material to be used in the manufacture of the Gas has been ordered and will be shipped immediately.

WELLSVILLE

NEW MAYOR SWORN IN

COUNCIL HAS A BUSY AND EXCITING SESSION.

Cunning for Gas Companies—New Street Improvements—Sprinkler And Sweeper Bought.

W. L. Fogo was sworn in as mayor last night and gave the required bond of \$1,000. Council instructed him to enforce the ordinance compelling the Ft. Pitt Gas company and others to obtain a written permit from the city before tearing up any of the city pavement. He was also instructed to fine all who have at any time violated this ordinance. Mr. Fogo took the chair this morning, A. P. Dennis resigning, having been in office for the past four years.

The most exciting meeting of council held for a long time was that of last evening.

An ordinance was passed calling for two regular meetings of council per month. The question of a street sprinkler came up. A Chicago company offered one of 450 gallons capacity for \$198. The same concern offered a sweeper for \$219.50.

The Congo ferry franchise, up before the Hancock county court today, was then considered. S. B. Goucher was granted permission to operate a steam ferry for five years and also a skiff ferry.

The proposition to settle with the Holliday heirs for \$292 for Third street damages was taken up. Miss Furnace, one of the heirs, said the amount would not be enough, but proposed to use it toward putting the property in order and give the city credit. The proposition was accepted.

At this juncture Councilman Brennan made a motion that the Ft. Pitt Gas company and all other parties be enjoined from tearing up any of the city pavement at any time without a written permit from council. The motion was not put through, whereupon Brennan became excited and left, thinking to break up the meeting.

A motion was passed to adopt the name of Spring Hill avenue for the cemetery road. A resolution was also passed to pave and otherwise improve Water street from Third to Fourth streets. Another resolution was put through to pave Highland avenue from Liverpool street to Spring Garden street.

A proposition was read and accepted from the county to raise and do all necessary masonry to the county bridge over Little Yellow creek, providing the city do the necessary grading.

In conclusion the council accepted the street sprinkler and sweeper propositions.

TO SELL WATER PLANT

MATTER NOW UNDER DISCUSSION AT CITY HALL.

It Is Said the United Power Company Might Purchase And Improve It.

It has been rumored in and around city hall that a plan is now on foot to sell the present water plant of Wellsville to Manager Healy, of the United Power company.

It is stated that a few of the city councilmen have been approached by Mr. Healy on the matter, and it is also stated that he has a proposition to make to the city council regarding the matter. His plans are to buy the present plant and also the privilege of establishing a gravity system the same as was voted down at the recent election.

It was thought that the matter would be brought before the council last evening, but nothing was done.

The matter would have to be submitted to a vote of the people.

TWO PAIRS OF STOCKINGS

In a Year One Ground of Mrs. Dennis' Complaint—Case Undecided.

Dennis non-support case was given a hearing Wednesday afternoon before Squire MacKenzie. Testimony was heard from several of the witnesses on both sides. Mrs. Dennis stated in giving her testimony that her husband has only furnished her with two pair of stockings in the way of clothing ever since last Christmas.

Testimony was heard from one witness for the plaintiff, who stated that some time ago Mrs. Dennis and her two children had lived on bread and water for several weeks, while her husband was earning nearly \$1.50 per day.

Several important witnesses for both the plaintiff and the defendant could not be present at the hearing and the conclusion of the case was held over for a final hearing on Wednesday, April 16, at 2 p. m.

ANDERSON-SWEARINGEN

Well Known Young People of Wellsville Married Yesterday.

A very pretty, but quiet wedding was solemnized yesterday afternoon at the home of Edward Anderson on Commerce street. The contracting parties were Miss Margaret F. Anderson and Mr. Thomas Swearingen. Rev. C. E. Clark performed the ceremony, using the ring service.

Both the bride and groom are well known in Wellsville society. Mr. Swearingen recently resigned his position in E. E. Gamble's shop on Main street and will soon start to work in the West Virginia coal fields.

The happy couple departed on a wedding tour, going to Detroit by way of Cleveland. They will be away for about 10 days.

LOWLANDS FLOODED

Cellars Filled With Water And Many People Move to Move.

If a committee from the water works board were to notice Little Yellow creek today it would find enough water running down that little stream to supply water for four or five towns the size of Wellsville. Water in the Ohio river has backed up and flooded the entire flats under the street railway bridge near the creek.

Numerous cellars in houses along East Liverpool street, near the rolling mill, are filled with water, and if the Ohio rises a few feet higher, these people will be compelled to move into second stories. During the night the river came up several feet and is still rising.

A WEST END HOTEL

George Patterson Proposes to Build One at Twelfth And Main Streets.

People residing in the West End of the city are delighted over the proposed prospect of a new hotel, to be located in that part of town. George Patterson, of Center street, who recently bought the property at Twelfth and Main streets from E. H. Riggs, has stated that it is his intention at the present time to build a three-story building to be used as a hotel, tearing down the old brick building which stands on the site.

The corner is well located, fronting on Main street, opposite the lower depot and near the street car line.

Funeral of an Infant.

The remains of the seven-months-old boy of Mr. and Mrs. Ben Shipley, of Cleveland, who died Tuesday, will be brought to Wellsville this evening to the residence of Thomas Gorsuch. Mrs. Shipley's father, on Second street. The funeral will be held at 2 o'clock Friday.

Columbian Club's Dance.

A delightful dance was given last evening in the city hall by the Columbian club. Nearly 30 couple were in attendance. Piano music was furnished for the occasion. The dances are now being held every week instead of every other week as heretofore.

MINOR NEWS OF WELLSVILLE.

Mrs. N. E. Sheckler is in a worse condition today.

Miss Laura Mannist went to Cleveland last evening.

Mrs. William Williams, of Center street, is on the sick list.

Miss Edna Duff, of the fair grounds, is very ill with pneumonia.

Miss Gertrude Russell, of Steubenville street, is on the sick list.

Mrs. Edward Michaels is very ill with an attack of gastric fever.

Bert Congrove returned last evening from a business trip to Irondale.

Rev. Charles Williamson, of this city, was licensed to preach the gos-

pel at the U. P. presbytery meeting recently held in Steubenville. He will continue his studies for one more year at the Allegheny seminary, after which he will prepare to accept a call.

Miss Clara Nelson entertained a number of friends last evening at her home.

Tax Collector P. P. Moore, of East Palestine, was in the city today on business.

Miss Laura Chapman, of Thirteenth and Short street, is very low with catarrhal fever.

Mr. and Mrs. J. Burgener, of Tenth street, went to Pittsburgh last evening to visit friends.

Mrs. Samuel Culbertson, of Eighteenth street, is very ill with an attack of catarrhal fever.

George Kennedy, who has been night watchman at the U. S. pottery for some time, has resigned.

Squire J. W. Riley has returned from Pittsburgh, where he has been attending the funeral of Mrs. Morton Riley.

James Walter will open a new saloon on Third street Friday morning in the building owned by G. W. Meredith, of East Liverpool, which has been entirely remodeled.

See our ladies' new spring shoes at \$2.00, \$2.50 and \$3.00. The quality is excellent and fashions correct.

FOES OF THE CUBAN BILL.

Would Overrule Chair to Take Differential Off Refined Sugar.

Washington, April 10.—The feature of the second day's debate yesterday in the house on Cuban reciprocity bill was an impassioned speech in opposition to the measure by William A. Smith, a Michigan Republican. Senators Spooner and Quarles, of Wisconsin, and Dilliver, of Iowa, and a group of Michigan beet sugar manufacturers in the gallery, were in his audience, and he was liberally applauded by his Republican supporters as he assailed the Republican leaders who were advocating the bill, boldly charging them with being false to Republican doctrine of protection. He announced that he was willing to vote to overrule the chair in order to support an amendment to take the differential off refined sugar. Mr. Morris, of Minnesota, a Republican, who made a strong speech against the bill, also made a similar announcement.

The other speakers yesterday were Mr. Ball (Dem., Texas), and Mr. Sparkman (Dem., Fla.), both of whom opposed the bill, and Mr. Mondell (Wyo.), who advocated its passage. The Democratic and Republican opponents of the measure are trying to get together on the proposition to take the differential off refined sugar. The indications are that the debate will be protracted. The demand for time to speak is great, and there is now no expectation that general debate will be completed until next week.

CHINESE EXCLUSION BILL.

It Was Under Consideration in Senate Yesterday.

Washington, April 10.—Throughout yesterday's session of the senate the Chinese exclusion bill was under consideration. Mr. Gallinger, of New Hampshire, and Mr. Dillingham, of Vermont, opposed the bill, and Mr. Turner, of Washington, supported it. Mr. Gallinger urged that the pending bill was unnecessary, unjust and unconstitutional, and was clearly in contravention of our treaty obligations with China.

In an extended address, Mr. Turner appealed to the senate to pass the proposed bill, not merely for the protection of the people of the Pacific states, but to prevent the entire body politic from being contaminated by the Chinese.

Mr. Dillingham advocated the re-enactment of the present Geary law. He declared that representatives of the Pacific states had expressed themselves as perfectly satisfied with the operation of existing laws, he said, and there was no proper reason for a change, particularly as the change would involve great trouble and expense.

BOOM IN BUILDING

TEN NEW HOUSES TO BE ERECTED IN CHESTER.

John Shrader Will Build Them—Other Building Projects Numerous.

Another boom in Chester building circles is imminent. Mayor John Shrader this morning let a contract for the building of ten new houses, each to be four and five roomed, two story frame buildings. The site is located on Montana street, where Mr. Shrader owns considerable land.

Ground for the new buildings will be broken at once, and the laying of the foundations and construction of the buildings will be pushed rapidly as soon as the excavating work has been completed. It is said that Mr. Shrader will also let a similar contract near the same site in the near future. Other building projects are numerous.

The only reason for this boom in the building line is to supply the increasing demand for houses of the new mill employees who have recently come to Chester, and who wish to bring their families here.

Traffic Delayed an Hour.

One of the west bound East Liverpool and Rock Springs street cars jumped the track in front of Severs' butcher shop in Chester this morning at 10:30 o'clock. It is thought that the car, in rounding the curve, struck a stick or small stone, which derailed it. Traffic was delayed for about half an hour, the car finally being replaced on the track.

Council Meets Tonight.

Chester council will meet this evening in regular session in the city hall. The only matter of particular importance to come up is the question of street improvements, and, judging from the present condition of the streets, there will probably be "something doing."

Extending Gas Lines.

The Ohio Valley Gas Co. is preparing to extend its mains to Lawrenceville as soon as the weather permits. From thirty to forty new houses will be built in Lawrenceville the coming summer, and the gas lines will be extended for the purpose of supplying them with light and fuel.

CHESTER NOTES.

George Bailey is building a new residence in Lawrenceville.

Mrs. Bertha Fowler of Wellsville is visiting her sister, Mrs. Garret Mercer, today.

C. T. McCutcheon will go to Pittsburgh this evening to visit his brother, W. R. McCutcheon, who will graduate from the pharmacy department of the University of Pennsylvania.

We sell a gent's patent leather shoe and guarantee they won't break through; new pair given if they do; \$4 too.

No Women Admitted.

Maiwatchin, on the borders of Russia, is the only city in the world peopled by men only. The Chinese women are not only forbidden to live in this territory, but even to pass the great wall of Kalkan and enter into Mongolia. All the Chinese of this border city are exclusively traders.

Gloomy Even Then.

Hook—Bjones is the most melancholy fellow I know.

Nye—That's right. He proposed to a girl once by asking her how she would like to be his widow.—San Francisco Chronicle.

His Scheme.

Friend—Why do you wear those fearfully old fashioned collars?
Winkers (a man of affairs)—Because when the washerwoman sends them to anybody else they send them back.

This shows one combination of the

DANNER Sectional Book Case.

It's only one of many combinations possible. This is one good feature of all Sectional Cases.

But the DANNER has a lot more good features not possessed by the others.

We wish right now to call your attention to one of them. Do you notice the leaf on which the books lie? This is the Consultation Leaf. It is found only on the Danner. When drawn out it is 35 inches long and 12 inches wide. When not in use it can be pushed back out of the way.

We'd like to show a number of other good features found only in the Danner if you will come in.

Furniture Department.

NOTABLE SPECULATIVE MOVE

In the Stock Market Wednesday, Attributed to Combination of Wealthy Westerners.

New York, April 10.—There was a notable speculative movement in the stock market yesterday which is universally attributed to the operations of an important combination of wealthy western men who were important factors in the constituent companies going to make up the United States Steel Corporation before it was organized. In the ordinary acceptance of the term there was no news to explain the movement of stocks or the enormous buying which caused it, but the fact was patent that the buyers were possessed of practically unlimited resources to transact business on such a scale, and also that the faith in them was strong that they were getting their money's worth. While there was no actual news accompanying the movement there was abundance of rumor, which centered mostly about Louisville & Nashville, which was again the leader of the market in point of activity and sustained strength.

Louisville itself, while occasionally reacting, forged up to the top level to 5 points over Tuesday night in the final dealings, and closed within a shade of that. The Southern railway stocks were also lifted forcibly to the top level at the last. The rest of the market showed the effect of realizing at the last, and some important stocks closed with net losses, notably New York Central, Manhattan, Chicago & Northwestern stocks, and Rock Island. Some of the minor railroad stocks which have recently advanced, were also supporters. While a large number of important stocks were included in the advance the movement was by no means universal, and many prominent stocks were neglected and sluggish, United States Steel stocks still conspicuously so. There was also the usual assortment of violent movements in high-priced industrials which are closely held by concentrated interests.

The late flurry in the call money market was a reminder of the narrow resources of the present money market for supplying any extensive speculative movement, but it did not affect the determined buying of the Central element in the speculation. The easier tone of exchange was attributed to renewed borrowing from foreigners induced by the present profitable level of interest rates here. A show of strength in the grain market was equally without effect in discouraging the buying of stocks.

Some of the active speculative bonds were affected by realizing, and the market generally was irregular. Total sales, par value, \$5,535,000. United States 5s advanced ½ and the 3s coupon declined ½ per cent on the last call.

NARROW ESCAPE

FOR PASSENGERS ON A WELLSVILLE CAR.

It Came Within a Few Feet of Going Over Yellow Creek Bridge.

Passengers on car No. 2 bound for Wellsville had a narrow escape from going into the swollen waters of Little Yellow creek this afternoon. The car projected several feet over the end of the bridge when it was finally stopped by the railing. There were about six passengers aboard and naturally a panic among them.

The car was going at a rapid rate when it left the track and struck the bridge railing. The front end of the car was considerably wrecked, but no person was injured.

AGAINST EVILS

REV. J. M. HUSTON PREACHED VIGOROUSLY.

As a Result Pasadena Does Not Want Him to Return as Pastor.

A recent issue of the Pasadena (Cal.) Star contains a long account of the trouble between Rev. Dr. J. M. Huston and the congregation of the First M. E. church of which he is pastor. Rev. Mr. Huston was formerly pastor of the First M. E. church of East Liverpool and just prior to leaving that charge and going to California he married Miss Lide Holloway, of Bridgeport, founder of the Deacons home in Kirkwood. Both Rev. Mr. Huston and wife are very well known in the Ohio valley and the facts in regard to the trouble will be read with interest.

It seems that Dr. Huston was very much opposed to almost all kinds of sports, base ball, billiards, rowing, bowling, dancing, cards, horse racing, etc., but in his congregation the liberal element prevailed. Recently bowling and billiards became a popular fad with the younger people and they went into it with an energy the pastor thought was not consistent with their professions of Christianity. He made a vigorous campaign against the so-called evils from his pulpit. His sermons were largely devoted to the subject. Recently at a meeting of the congregation they voted to ask conference not to return him to the church and the request, it is stated, will probably be granted.

GENERAL PROSPERITY

INDICATED IN PRESBYTERIAN SOCIETIES' REPORTS.

Three New Deacons Elected - New Gallery Considered And Favored By a Majority.

There was an adjourned congregational meeting at the First Presbyterian church last evening at which important matters were considered. The reports of different societies were read and were most gratifying, showing a large increase of receipts and other abundant evidences of general prosperity. Three new deacons were elected—Dr. W. R. Clark, Mack Anderson and James R. Hill.

The proposition of building a gallery was discussed and 87 persons voted in favor of it and 44 against. It is probable that another vote will be taken on the subject, as the small attendance last night was not regarded as sufficient to decide the question. During the discussion it became manifest that those who opposed the gallery feared that such an addition would be unsafe. Deputy Factory Inspector Reuben M. Hull, of Salineville, who is in town, was called upon today to inspect the church. He did so and gave it as his unofficial opinion that the church was strong and well built and that the addition could be made without danger. The expense will probably be \$3,000 to \$4,000. A special meeting of the trustees will be held this afternoon, to consider this and other questions relating to the church.

Patent kid shoes for ladies, light or heavy soles; comfortable and good, \$3.00.

Not Reassuring.

"Have—have you any reason to believe that your father will exhibit violence when I ask him for your hand?" inquired the timid youth.

"I have never been present on any of these occasions," replied the lovely girl evasively. "And, to tell you the truth, I have never wanted to be present. I suppose I am foolishly sensitive about these things, but I can't help it. I remember that papa took me to a slaughter house when I was a little girl, and I dreamed about it every night for months afterward."—Cleveland Plain Dealer.

Flattering Report From the Green Mountain Mining & Milling Company Expert.

Cunningham Gulch, Col., March 31. The Green Mountain Mining & Milling Company, S. J. Cripps, Secretary, East Liverpool, O.

Dear Sir—Yours of March 22d at hand, and I am glad that you are pleased with the showing of the mines, as far as I could work them yet, but if you could see the Osceola property today you would be still more pleased. When the drift was in about 70 feet it was looking so good that I got very anxious to know if it would carry itself the same way clean across and ordered the contractor to cross-cut it, and it is now 12 feet across, but not through yet, and it shows all over fully as good as it does on the breast. Just think of it, 12 feet of ore like that, and it might be several feet wider yet. It is really great and if the other veins show only half as good, we will have the biggest bonanza in the state of Colorado.

Yesterday an old practical mining man, who is a very good authority on mining ground, came up to look at it. One of the miners working for the contractor had talked so much about it to him that he did not believe half of it, so he wanted to see for himself, but after he had seen it he said: "Biefeldt, what mortal fools them former owners were; they had that property for over 20 years and never went into it, in the right way." You will have as big a mine as you ever wish for as soon as we are clear across the vein. I will let you know the Osceola No. 2 has carried itself well from the start, and increasing in width and is now four feet wide.

On the International, I could not start in with the drift as I had calculated on account of a snowslide, and so to get to the same point as intended I had to start in with a short cross-cut, which is now in 25 feet and I expected to cut the vein at every shot.

After the Highland Mary people having shoveled out the snow on the road from Howardsville up to their place to get coal, I ordered material for the tracks in the R. Blum tunnel and will commence work there in a few days.

Enclosed find bills for the month of March and receipts from the contractors, Swartz and Hendor, for check received in your last letter.

Hoping to hear from you soon.

Yours very truly,

WM. BIELEFELDT, SR.

A nice patent calf shoe for boys at \$2.00.

Stopping a Fast Train.

People often wax impatient because express trains cannot be stopped at some unimportant little station at which they wish to alight. They should consider the cost of satisfying their whim. A train going at a rate of sixty miles an hour can be stopped within 120 yards from the first application of the brake. Now, enough power is lost to carry this same train fifteen miles over a plane surface. First there is the momentum acquired by the train flying at this remarkable rate of speed, then the loss of steam in applying the brakes and lastly the extra amount of coal to compensate for all these losses, for all of which impatient passengers would not care to pay.

A Chance to Retaliate.

The minister was young and easily embarrassed. The first time he performed the marriage ceremony it was for a couple who were both younger and still more easily embarrassed than he.

When he had finished the service and murmured a few kindly meant but halting words to the young couple whom he had just united, the bride looked at him, blushing, but confident. "Thank you," she said clearly. "It's real kind of you to congratulate us, and as long as you haven't ever been married yet, maybe we'll have a chance some day to retaliate."

Our \$3.00 shoe for ladies embraces everything fashion demands. Extension soles and patent tip are correct.

The BOSTON STORE

Table Linens

GREATLY UNDERPRICED.

Two extra special numbers in bleached damasks on sale this week. Based on present market prices you save 40c a yard on Lot No. 1, 70c a yard on Lot No. 2.

\$1.10 A Yard For \$1.50 Damasks.

Lot No. 1 is a 70 inch wide, heavy pure linen damask, regular \$1.50 quality, priced for this sale at \$1.10 a yard. The patterns are Fleur-de-lis, Thistle, Hawthorne, Pansy and a fancy stripe.

\$1.30 A Yard For \$2.00 Damasks.

Lot No. 2 is a 2-yard wide fine heavy all linen damask, the regular \$2 grade, priced for this special sale at \$1.30 a yard. This number comes in Poppy, Holly, Carnation, Thistle, fancy stripe and Fleur-de-lis patterns. We bought these goods because they were underpriced and because we did not want to pass a good thing. It will pay you to do likewise for the same reason.

\$3.00 A Dozen For \$4.00 Napkins.

A special drive in a 5/8 size all linen napkin, assorted patterns, good value at \$4 a dozen and retailed over some counters at \$4.50 a dozen, priced for this special sale at \$3 a dozen.

White Bed Spreads

Showing some exceptional values in white honey comb bed spreads at \$1.00, \$1.25, \$1.50 and \$2.00 each at present. It would be to your advantage to investigate.

The BOSTON STORE

Cheap Living in Mexico.

"Mexican laboring men," says a man who has been visiting in Mexico, "work for 12 cents a day. This may seem incredible, but it is a fact. You see more copper cents in that country and more are used, perhaps, than in any country on the globe. It is not uncommon to see a Mexican woman go to market and buy a cent's worth of wood, a cent's worth of corn or coffee and a stalk of cane. She will make a fire in the center of her adobe house and prepare a meal for the family. They eat cane as we would an apple. The ox cart and wooden plow are still in use. The ox teams are harnessed so the pressure of the load comes upon the head, just in front of the horns, instead of the shoulder and neck."

Captured Big Game.

In one of the St. Louis Sunday schools the classrooms are separated by glass partitions. A St. Louis paper says that during a session of the school one of the teachers was much annoyed by loud talking in an adjoining room.

At last, unable to bear it any longer, he mounted a chair and looked over the partition. Seeing that one boy who was a little taller than the others was talking a great deal, he leaned over, hoisted him over the partition and banged him into a chair in his room, saying, "Now be quiet!"

A quarter of an hour later a small head appeared round the door, and a weak, scared little voice said: "Please, sir, you've got our teacher."

Cooking Fish.

Boil haddock and codfish six minutes for every pound; bass, salmon and halibut ten to fifteen minutes. A lobster, as a rule, requires half an hour to forty minutes. Large fishes should bake about one hour and small ones twenty to thirty minutes. Broiling requires a quarter to half an hour, according to the size of the fish, very small specimens being finished in five to ten minutes.

A \$2.00 shoe for ladies with \$3.00 style is what our new ones are for spring.
